## ALLIES PREPARING FOR MARTIAL LAW IN CONSTANTINOPLE

(BY CABLE AND ASSOCIATED PRESS.)  
CONSTANTINOPLE, Nov. 8.—(9:45 a.m., via Cairo, Egypt.) Continued insistence of the Nationalist authorities on the abolition of inter-Allied control of the police, customs, railroads and the censorship over Turkish newspapers has caused the Allies to prepare for martial law in the city.

The Allies have been informed here that it will be necessary for the Allies to prepare for martial law in the city. The Allies have been informed here that it will be necessary for the Allies to prepare for martial law in the city.

## The Count is Still Progressing!

## Dredger Hits Spit of Rocks Crossing Bar

(BY A. P. NIGHT WIRE.)  
ASTORIA (Or.) Nov. 8.—With her rudder partially disabled and about four feet of water in her stern, the government dredge P. S. Michie was brought here today. The dredge was en route from Gray's Harbor for Portland and crossed into the Columbia river last night. A strong ebb tide was running and this with the high seas forced the vessel onto the spit of Clatsop Spit, where her stern struck. Distress signals were sounded and then the Michie worked herself off the spit.

The extent of the vessel's injuries cannot be told until she goes onto a dry dock for an examination. The vessel was damaged.

The vessel was damaged. The vessel was damaged. The vessel was damaged. The vessel was damaged. The vessel was damaged.

## CAPITAL IS FUSSED UP BY RESULT

(BY A. P. NIGHT WIRE.)  
NEW YORK, Nov. 8.—Republican control of the House of Representatives in the Sixty-eighth Congress was determined finally by announcement of the election of R. Scott Leavitt, second Montana District, at 2:44 a.m. today, giving the Republicans the necessary 218 for a majority. At this hour the Democrats had 205, the Socialists 40, Farmer-Labor one, and Independent one, with nine districts still unreported.

The election practically destroyed control of Congress by the administration and the Republican party, for even with apparent Republican majorities in both houses the margin will hold the balance of power and either dictate or obstruct legislation.

The election practically destroyed control of Congress by the administration and the Republican party, for even with apparent Republican majorities in both houses the margin will hold the balance of power and either dictate or obstruct legislation.

## WARNING SERVED BY RICHARDSON ON CAPITOL SPENDERS

(EXCLUSIVE DISPATCH.)  
SAN FRANCISCO, Nov. 8.—With the latest returns from all parts of the State indicating that his majority for Governor over Thomas Lee Woolwine will reach 175,000, Gov.-elect Friend W. Richardson this afternoon served notice on the wasters at the public trough that they will have to go.

"The election is over and I propose to get to work at once to make good on my pledges," his statement reads. "I can and will save the people millions of dollars without, as I have often said, incurring any human, progressive or constitutional state functions. State employees doing necessary and useful work need have no fear, but parasites have great cause for alarm. I will have no need for political machines, as I have no concern as to my own political future. The Governor is the business executive of the State and I propose to do my best to give the people a just economic, efficient, progressive and business administration. I propose to surround myself with men and women who are competent, regardless of political influence."

A majority in the State of approximately 175,000 for Friend W. Richardson, Republican nominee for Governor, and a majority for Richardson in Los Angeles county of approximately 60,000, were indicated on returns available last night from more than 11 per cent of the State's 4881 precincts and from more than 60 per cent of the precincts in Los Angeles city and county.

The majority of Senator Johnson over William J. Pearson may reach 80,000. In Los Angeles city and county, 1130 precincts saw Richardson 119,881 and Woolwine 55,157, a majority of 59,234 for Richardson. Richardson carried forty-nine of the State's fifty-eight counties on partial returns.

Woolwine carried one county, Bolinas, 4 to 1, and seven others, Eldorado, Mariposa, Fresno, Placer, Plumas, Siskiyou, San Francisco and Tuolumne with majorities ranging from 11 votes in Plumas county to 14,939 in San Francisco.

Alameda county gave Richardson a majority of 14,998. Other bay counties were in the Richardson column with heavy majorities. In San Diego county the Republican nominee has maintained virtually a record last year.

Lieut.-Gov. Young will have a majority of approximately 300,000. California, of an additional 100,000 votes, has been secured by the Republican vote. In Northern California two Democratic Congressmen were re-elected but decisively defeated the Republican nominee, Charles H. Randall.

In the Seventy-third, Seventy-fourth, Seventy-fifth, Seventy-sixth, Seventy-seventh, Seventy-eighth, Seventy-ninth, Eightieth, Eighty-first, Eighty-second, Eighty-third, Eighty-fourth, Eighty-fifth, Eighty-sixth, Eighty-seventh, Eighty-eighth, Eighty-ninth, Ninetieth, Ninety-first, Ninety-second, Ninety-third, Ninety-fourth, Ninety-fifth, Ninety-sixth, Ninety-seventh, Ninety-eighth, Ninety-ninth, and One hundredth districts, the Republican nominee, Charles H. Randall, was re-elected.

San Francisco gave Thomas Lee Woolwine a majority of 14,998. In the Bay City may exceed 10,000. In Sacramento, however, where Woolwine supporters expected strong support for the Democratic ticket, Richardson fell slightly behind Mr. Richardson.

JUDICIARY  
In addition to Superior Judge Wood and Summerfield, who were elected at the primary, returns from approximately fifty per cent of the 1484 precincts in Los Angeles county show the re-election of two incumbents, Judges Hahn and McLucas, and of Elliott Craig and William C. Doran, former Chief Deputy with the State. Unless later returns materially change the standing of the candidates for superior judge, Judge Toland, who was serving by appointment from the Governor, is defeated.

Conflicting returns from different sections of California leave in doubt the outcome in the contest for the two vacancies on the State supreme bench. Latest available figures from scattered State precincts place Judge Kerrigan in the lead, with Judge Seawell in second place. Although only thirty-three per cent of the State's 6881 precincts have reported on the Supreme Court race, shortages of returns from Judge Seawell's district will assure his election. Despite the fact that Judge Seawell is leading Judge Kerrigan, the available returns, it is believed that he has been defeated.

Because of the closeness of the race, however, the result of the supreme bench contest can not be accurately indicated at the time of going to press. With more than 30 per cent of the precincts counted in the race for Justice of the Peace, the re-election of Justices Hahn, Follette, Forbes and Baird seems assured and likewise the election of Scott and Wood. Judges Hinchaw and Brown are defeated on the basis of the returns.

All four incumbent candidates for police judge, Judges Chambers, Richardson, Fredericksen and Crawford, probably are re-elected in the order given. Carl M. Sheldon has a lead over James

## HOT RACE FOR HOUSE CONTROL

Nation Watches as Scores of Incumbents Lose

Volstead Beaten by Man Who is Drier Than He

There Will be No Women in Sixty-eighth Congress

WASHINGTON, Nov. 8.—The country today watched with intense interest the nip and tuck race for control of the House of Representatives, the closest since the war days of 1918. It saw most of the Republican leaders stand up against the onslaught; it saw scores of men brought in by the Republican wave two years ago, go out with the Democratic underdog.

Volstead, author of the prohibition enforcement law, was the only Republican committee chairman to go down, but he fell before an independent minister-candidate, self-proclaimed, drier than himself.

This fact often was overlooked by those who professed to see in the defeat of Volstead a punishment for the dry law.

WOMEN DEFEATED

While they had been expected to take a big hand in the election the women of the country were unable to elect one of their number in the better-sheltered race for seats. There will be no women in the Sixty-eighth Congress.

Alice Robertson of Oklahoma will go out along with Winifred Mason of Illinois, elected yesterday to fill the term of her father, the late William E. Mason, expiring next March.

Monday, for the last four years the Republican leader in the House, went down in a vain race for the Senate, and a new leader will arise in his place. Speaker Gillett and Mann and Madden—all the big committee chairmen in fact, save Volstead, held their seats.

Most of these seats were in danger.

Every Republican leader of the House has often declared during the last two years that the majority—around 170 at the start—was too big, but none expected to see it cut so low and none seemed to fear that it would be cut below forty. But starting in the East the Democrats were began picking up seats, gathered 23 in New York and then raced down the Atlantic Coast, cutting across into Virginia, then turned to the southwest, and doubling back into Pennsylvania, swept over into the Middle West country and toward the Far West in the hope of finding enough upturns to keep ahead of the Republican column coming along behind.

PULLED TO FRONT

It was nearly noon today before the Republicans, racing for hours behind early Democratic victories, got abreast of the enemy. Then for some hours the two parties saw-sawed and the Republicans finally pulled to the front. Only the vast majority of two years ago saved them. The drift away from the administration was greater than they would have believed possible ten days ago.

FRENCH SEE WET GAIN IN ELECTION

Jubilant in Belief Market May be Afforded for Huge Wine Overstock

BY HENRY WALSH

(BY CABLE-EXCLUSIVE DISPATCH.)

PARIS, Nov. 8.—The French are delighted with the election result in the United States, regarding it as a strong indication that prohibition will be lifted, recalls the American market to Bordeaux, Burgundy and champagne.

The champagne industry here is indeed hit with France's four principal customers out of the market—the Russians blocked and broke, the Germans too slow to buy, the English with a prohibitive tariff and America dry.

HUGE OVERSTOCK

Rheims and Epernay cellars are glutted with millions of surplus bottles of wine and exact for the fact that the Germans stole and destroyed hundreds of thousands of bottles there would be no place to store the reserve stock.

The champagne interests are holding up the supplies and are releasing only small quantities in order to keep the prices up as Americans have assured them that eventually the Volstead Act would be revised, permitting the re-entry of wine.

Apart from the prohibition issue the French were distinctly pained by the Democratic victory as Woodrow Wilson represents the Democratic party here and yesterday's results are regarded as an indication that public confidence is swinging back to the former President.

AGAINST HARDING

President Harding and Secretary of State Hughes have proved a disappointment because of their refusal to join conferences on European problems and their stern attitude on the war debt.

The Washington conference is also charged against the Republicans for forcing France to have navy equal in size with Italy's and for backing the British submarine policy.

ASSERTED TRICKSTER FREE ON HEAVY BAIL

BY A. F. NIGHT WIRE

NEW YORK, Nov. 8.—Held on \$10,000 bail pending his removal to South Dakota, to answer a charge of using the mails to defraud investors in Midland Packing Company stock, Benjamin I. Salinger, Jr., today obtained a writ of habeas corpus returnable tomorrow before Federal Judge Mack.

Salinger, appearing before U. S. Commissioner Titchener, denied the charge of being a fugitive from justice on which he was held, setting up the contention that the indictment on which his removal was sought was invalid because it was returned by a grand jury in the western district of North Dakota, while the alleged offense, if any occurred, was in the southern division.

## HOW THE SOUTHLAND WENT

Returns From Many Southern California Cities on Important Issues

Returns from various Southern California cities and towns show consistent majorities for Friend W. Richardson and the Republican ticket and an overwhelming repudiation of the proposed \$500,000,000 water and power bond act. Here are the election results in various Southland communities:

PASADENA

By a "Times" Staff Correspondent

PASADENA, Nov. 8.—Recording an overwhelming Republican vote, Crown City electors yesterday gave Richardson a majority of 2 to 1 over Woolwine, a tabulation of complete election figures shows today.

Hiram W. Johnson led the list of Senatorial candidates with 6983. Pearson, Democratic candidate, polled 2309 votes. Upton Sinclair, whose home is here, followed H. Clay Needham, Prohibition candidate, with 154 votes.

Walter F. Lineberger, Republican candidate for Congress, led Charles H. Randall by 2564. Today's tabulation shows that Lineberger received 8449 votes to Randall's 5885.

A big majority against the proposed Water and Power Act was accorded by Pasadena voters. There were 9402 votes cast against the adoption of the measure, while the tally in favor reached 3228.

On county questions, voters here gave substantial majorities in favor of Amendment No. 1 and No. 2, and for the \$7,000,000 and \$2,000,000 bond issue.

SAN BERNARDINO

By a "Times" Staff Correspondent

SAN BERNARDINO, Nov. 8.—SAN BERNARDINO is climbing toward a 10,000 majority in San Bernardino county over Woolwine in face of complete returns from 105 of the county's 154 precincts officially compiled.

Woolwine, the returns show, has carried but one town in the county—Needles, dominated by union labor.

The totals for the 105 precincts are: Johnson, 3769; Pearson, 2998; Needham, 1273; Sinclair, 1140. For Governor, Richardson, 10,726; Woolwine, 3835; Horr, 1152.

For Lieutenant-Governor: Young, 6079; Shearer, 1992; King, 802. For Associate Justice: Kerrigan, 4056; Seawell, 3525; Shurtliff, 4253; Sloane, 1015.

Proposition No. 1: Yes, 9716; no, 2975. Proposition No. 2: Yes, 9771; no, 4061. Proposition No. 3: Yes, 9524; no, 4784.

Proposition No. 19: Yes, 1179; no, 2542. Dist. Atty. T. W. Duckworth, endorsed by striking railway shopmen, was defeated in the race against George H. Johnson, ex-service man with an eye for an eye, and former State Assemblyman, it is forecast by returns of 105 of the county's 154 precincts.

Johnson's victory, now conceded, was the biggest surprise of the campaign. The returns give Richardson 1502 votes against Duckworth's 6253.

Sheriff Walter A. Shay, opposed at the primaries by a striking blacksmith in a "write in" campaign, was unopposed and an amendment to increase his salary \$1200 per year carried by a big majority. This issue was bitterly contested by union labor.

POMONA

By a "Times" Staff Correspondent

POMONA, Nov. 8.—Counting of ballots in the State election was completed here at noon today in the twenty-three polling places scattered over the city. The total vote cast was 5749 and was distributed as follows:

Governor: Richardson, 3650; Woolwine, 937. U. S. Senator: Johnson, 2000; Pearson, 1051; Needham, 992.

Congressman Ninth District: Lineberger, 2726; Randall, 1443. Judges of Superior Court: Toland, 2451; Craig, 2045; Doran, 1727; Mahon, 1774; Kenrick, 1007; Lucas, 2472; Schmidt, 1336; Thompson, 850.

State Measures: No. 1, Veterans' Validating Act: Yes, 3274; No, 990. No. 2, Prohibition Enforcement: Yes, 3274; No, 990.

No. 3, Veterans' Welfare: Yes, 2237; No, 1276. No. 16, Chiropractic Bill: Yes, 2616; No, 1424.

No. 19, Water and Power Act: Yes, 458; No, 2788. No. 20, Osteopathy Act: Yes, 2635; No, 1419.

No. 24, Regulating Practice of Law: Yes, 817; No, 2569. No. 28, Prohibition Validation: Yes, 1194; No, 2568.

County Hospital: Yes, 1500; No, 1179. County Jail: Yes, 1251; No, 1949.

MONROVIA

By a "Times" Staff Correspondent

MONROVIA, Nov. 8.—Monrovia gave Friend W. Richardson, Senator Johnson and Congressman Walter F. Lineberger big majorities in yesterday's election. California's new Governor polled 1995 votes to Woolwine's 418 in Monrovia's ten precincts, while Lineberger's many friends gave him a vote of 1286 to Randall's 768. The unpopularity of Amendment 19 was shown by the local vote of 236 for and 1340 against. The Wright bill at the close of the count in Monrovia's ten precincts stood 1362 yes, 361 no.

Monrovia voters gave the veterans' validating act 968 as against 234 against the measure. The heaviest vote in the history of the city, nearly 80 per cent, was polled here.

Duarte gave Richardson 102, Woolwine 47, Randall 91, Lineberger 85, approved the Wright Prohibition Enforcement Act by 163 to 61 and disapproved the water power bill by a vote of 215, 215 no.

REDLANDS

By a "Times" Staff Correspondent

REDLANDS, Nov. 8.—Complete returns from Redlands' eight precincts follow: Governor, Richardson 2544, Woolwine 630; Lieut. Governor, Johnson 1728, Pearson 717, Needham 469; Amendment No. 1, yes 1888, 692; No. 2, yes 2407, no 660; No. 19, yes 303, no 1028.

RIVERSIDE

By a "Times" Staff Correspondent

RIVERSIDE, Nov. 8.—Complete returns from Riverside's nine precincts follow: Governor, Richardson 2158, Horr 231, Senator Johnson 6489, Needham 921, Pearson 204; Sinclair 4525.

SAN DIEGO

By a "Times" Staff Correspondent

SAN DIEGO, Nov. 8.—Returns from 215 one of 240 precincts in San Diego city and county today gave Richardson almost a 2-to-1 lead over Woolwine for Governor. Practically the same ratio was

## Doing the Impossible on Broadway

Some of our friendly competitors are under the impression—even advertising—that it's impossible to buy a well-tailored suit or overcoat on Broadway for less than \$60.00. We must be doing the impossible, for we are tailoring them with the finest of wool materials for way, way less. There is one sure fact, though—that the people as a whole that do their buying on Broadway are perhaps more particular and exacting in their tailoring, woollens and fit. But when they leave our store they're satisfied.

## Guaranteed Tailoring

\$35 at \$35  
SUIT or OVERCOAT

Tailored to your individual measure; not thrown together. Real tailoring in every sense of the word. Pure wool materials of every conceivable style and pattern. Every garment made in our own shop by the best of skilled tailors. Every man an artist. Designing and cutting by designers that are second to none. Your fit and style guaranteed or

## Your Money Refunded If We Fail to Fit and Please You

Special care and attention given the young men who seek the latest in style and design. Pay us a visit, examine the woollens, linings and trimmings, etc., that we are offering.

**Hotel Windermere, Santa Monica**  
A quiet, exclusive family hotel on the American Plan. Located on the Palisades of the Pacific. Phone 22391. Golf privileges. Excellent service.

## RIVER COMMISSION MEETS Representatives from Seven States, Lying Along Colorado, In Irrigation Session at Santa Fe

(EXCLUSIVE DISPATCH) SANTA FE (N. M.) Nov. 8.—The Colorado River Commission will convene here tomorrow for a three days' session. The commission is composed of representatives of the seven States in the Colorado River basin with Secretary Hoover as Federal representative and chairman of the commission. Other conferences have been held in Phoenix, Salt Lake, Denver, Los Angeles, Cheyenne and Las Vegas, Nev.

The Colorado Commission was created in 1911 by legislative action of California, Colorado, Arizona, New Mexico, Utah, Wyoming and Nevada for the purpose of entering into an agreement to apportion the waters of the Colorado River. As the Federal government must approve any such agreement between States, the commission was recognized by the United States government and Secretary Hoover appointed its Federal representative. The first meeting was held in Washington last January and Secretary Hoover was named as permanent chairman of the commission.

The question of apportionment has been extensively discussed at the various hearings and it is hoped that either at this meeting or at some early date, the future of an agreement can be reached. The real basis of agreement appears to depend on whether all the States will consent to the theory that there will be water enough for all practical uses after the flow of the Colorado River has been equated.

Few, if any, of the States know definitely how much water could be used. The State of Arizona is now making a survey to determine this point for that State. It is generally recognized that an early agreement by the States is necessary in order to lay the foundation for the actual undertaking of the project by the building of a dam at some suitable point on the river.

**RIVER DEVELOPMENT  
PROGRAM ADVOCATED**  
BY FRANCIS L. SELLER  
The adoption of a comprehensive program for the development of the Colorado River seems predicated in large measure upon an agreement between the several States interested covering an equitable diversion of the run-off. Any dam for major control will be within the canyon where the stream, where the waters from the upper basin may be stored and

## CONGRESS GETS FIRST MOTHER

Succeeds Her Late Father in Illinois

Nine Women Sought Seats, One Winning

Will Take Children With Her to Capital

(BY A. P. DAY WIRE) CHICAGO, Nov. 8.—The first mother has been elected to Congress returns from the election yesterday showed today. She is Mrs. Winifred Mason Huck, elected to fill the unexpired term of her late father, William B. Mason, congressman from Illinois.

She led a band of nine women from Middle Western States seeking places in Congress and she alone was successful.

Until March 1, however, two women instead of one will sit in the House of Representatives. Mrs. Huck, Republican, and Miss Alice Robertson, Republican of Oklahoma, will be the two women.

"Miss Alice," as the little spinster from the Southwest, the only woman in Congress, has been known, was defeated for re-election by the man, a Democrat, she conquered two years ago by a slender margin.

There is a possibility that the number of women in Congress may be increased to three. On the latest available returns, Miss Kathleen O'Keefe, Democrat, was elected to Congress from the Illinois district of the Thirtieth Indiana District.

**HAS FOUR CHILDREN**  
Mrs. Huck, who lives in Chicago, is the mother of four children. "When complete returns confirm my victory," Mrs. Huck said early today, she is going to take my children to Washington and get busy. I am for world peace, but against entangling alliances. I want to see the soldiers get a bonus."

Among the women who made prominent contests were Mrs. Anna Dick, Democrat, Minnesota; Mrs. Jack Hooper, Independent, Wisconsin, who ran for United States Senator, although beaten.

Mrs. Olsen made a long and spirited campaign. She discussed all the issues, but handicapped by lack of funds and a three-cornered contest, she ran third. Mrs. Hooper made a gallant battle against hopeless odds in her contest with Senator Robert M. La Follette, Republican, Wisconsin. Unable to run on a Democratic ticket, which was barred for lack of sufficient votes, she ran as an Independent.

**MRS. GREENE THIRD**  
A poor third was Mrs. Greene's best in Ohio where the hard fight between Congressman Foss, Republican, and Senator Pomarens, Democrat, gave her little chance to make an important showing.

The other women candidates for Congress were Mrs. St. Clair Moss, Republican, who ran second for her male opponent in the Missouri Eighth District; Mrs. E. Luecia Barton, Prohibition, first Nebraska; Martha Riley, Independent Democrat, third Wisconsin; and Miss Esther Kathleen O'Keefe, Democrat, who led for a time, and then fell behind Representative Andrew J. Hickey, Thirtieth Indiana District.

Miss Florence Allen, Independent, Cleveland, on latest returns, was second among candidates for the Ohio Supreme Court and made a fine showing.

Mrs. Edward T. Smith, Republican, Missouri, was elected State Representative.

**Chamberlain's Tablets Have Done Her a World of Good**  
"Chamberlain's Tablets have done me a world of good," writes Mrs. Ella L. Burton, Kirksville, N. Y. I have recommended them to a number of my friends and all who have used them praise them highly. When troubled with indigestion or constipation, give them trial and realize for yourself what an excellent medicine it is.

## Mediterranean WINTER VOYAGES DE LUXE

In winter the sunny lands of history and romance that edge the Mediterranean make an imperative call upon the imagination. Egypt with its pyramids, its caravans, its crowded bazaars; the Holy Land, easy of access; Athens, classic in history; the southern coast of Europe, famous ports lying at the edge of a magic blue sea, flower and vine-clad hills, medieval fortresses; the oriental enchantment of Algiers; changing scenes and sounds at Monte Carlo, color, action, sentiment, warm and pulsing life in the winter playgrounds of the world!

For discriminating travelers the White Star Line and Red Star Line announce the following sailings:

**ADRIATIC** (24,541 tons) Jan. 6 and Feb. 24, 1923  
**LAPLAND** (18,565 tons) Jan. 18 and Mar. 10, 1923

Itinerary: Madeira, Gibraltar, Algiers, Monaco (the Riviera), Naples, Alexandria (for Egypt and the Nile), Haifa for Jerusalem and Athens (Phaleron Bay).

Write for beautiful color booklets FREE. Plans, Rates and information on delightful shore excursions. Address Mediterranean Department.

## ELECTION RACE IN WEST CLOSE

Heavy Vote and Long Ballots  
Hold Up Returns

Many States Go Democratic  
by Small Margins

Pointdexter of Washington  
Trails Opponents

(BY A. P. SMITH WIRE)  
SAY FRANCISCO, Nov. 8.—Results of the general election in many of the far Western States were in doubt tonight, due primarily to a heavy vote and lengthy ballots. In several of the States the returns were so meager and the candidates were running so closely that it was expected that an official count will be necessary to decide the winner.

California remained in the Republican column, with the election of Friend W. Richardson as Governor and Hiram W. Johnson as United States Senator. In the 3723 precincts out of 6691 in the State, Richardson received 115,112 votes to 115,524 for his Democratic opponent, William J. Pearson. Richardson received 275,000 votes, received 292,815 votes, and Thomas Lee Woolwine (Dem.) 212,184. Up-ton Sinclair (Dem.) received 14,131 votes in the precinct count for United States Senator.

**DEMOCRATE LEAD**  
Arizona went Democratic, returning Senator Harry Ashurst and Congressman Carl Hayden to Washington and electing George W. P. Hunt as Governor and an entire State ticket, according to latest returns.

Colorado returns were meager, but they indicated that William F. McEuen (Dem.) was in the lead for Governor by a few hundred votes over Benjamin Griffith (Rep.). Slightly more than half the precincts in Idaho reported C. G. Moore (Rep.) leading in the race for Governor. Moses Alexander (Dem.) and a former Governor, was third man in the race, with H. F. Samuels (Prog.) the second man.

Burton K. Wheeler, the Democratic candidate for United States Senator in Montana had a comfortable lead over Carl Riddick, Republican Congressman, who sought the senatorial top, in the returns from more than half of the State. Nevada was another Western State that went Democratic almost entirely. But one office, in the State, was not claimed by the Democrats after the latest tabulation. Ker Pittman was returned to the United States Senate, and Charles E. Richards (Dem.) will represent Nevada in the lower house. James G. Scrugham defeated John H. Miller (Rep.) for Governor by about 2500 votes. Senator Pittman had a lead of more than 6000 over his Republican opponent.

### LANDSLIDE IN OREGON

Oregon was the scene of a Democratic landslide. Walter M. Pierce (Dem.) defeating Gov. Ben W. Olcott (Rep.) by 26,042 in 1908 of the 1719 precincts of the State. Returns indicated the Oregon voters adopted the compulsory school act, which, its opponents claimed, would not permit any private schools, including parochial schools, in the State. The act provides that children over 8 and under 16 years are to be sent to a public school during the entire school year.

William R. King, Democratic incumbent, had a lead of 1700 votes over Ernest Hamburger (Rep.) in the Utah race for United States Senator when the returns were last tabulated. Senator Miles Poindexter, with 465 precincts missing out of 2442, was trailing C. C. Dill (Dem.) in Washington in the senatorial contest by 4627 votes. The Republican State chairman in Washington announced he would not be satisfied the returns were correct from Pierce, King and Spokane counties until a complete check had been made.

It was reported that officials of Pierce county had discovered discrepancies in the early count. Pierce county returned a plurality to Dill. Election officials, it was said, counted only "scratched" tickets for the unofficial returns made to the County Auditor, disregarding the "straight" tickets, which, Poindexter's managers declare, were in the majority for the Republican ticket. The King County Auditor announced he would begin a recheck of all poll books turned in.

### MERE MAN RISES TO DEMAND HIS RIGHTS

(BY A. P. SMITH WIRE)  
NEW YORK, Nov. 8.—A declaration of masculine rights filed today in Supreme Court, with a petition that it be approved as the Magna Charta of the Association of Brothers Under the Skin. Proposed incorporators were three New York men, who gave an up-to-date address as headquarters of the association. Based on the proposition that "all men are entitled to wear the trousers in their own households" the bill included the following "rights": "To protect the husband from the performance of any and all household duties and assure him home-cooked meals, prepared by the wife."

"To prevent visits from mother-in-law, except on written permits signed by officers of the association, said permits not to be issued on Sundays and holidays."

"To prevent seduction by the wife to the faults or deficiencies of the husband."

"To develop avaricious methods for the discipline of jealous, nagging or unruly wives."

"To establish the husband's right to dictate the length of his wife's hair and dresses."

Byron Foy of the Roe Motor Car Company is slated because he can make immediate deliveries on Roe six coupes and sedans.—(Advertiser.)

## The Dream—and the Reality

Too often the homebuilder learns too late that some great essential toward his "Dream Home" has been overlooked in the reality.

Years pass and he finds his family and himself hemmed in by slab and courts in a district where restrictions have expired; or where overcrowding on small lots causes him to long for great breaths of sun-filled air; unsightly poles may mar his landscape, while parkways become overgrown and unkempt. He realizes that his "Dream Home" has depreciated in value.

No such disappointments can occur in

## HOLLYWOOD HILLS

situated on the splendid slope north of Los Feliz Boulevard, between Western and Vermont Avenues.

Here the home builder who thinks well in advance will find a great highly restricted area overlooking city, mountains and ocean, with Griffith Park in the background.

He will find lots which average no less than 18,000 square feet each.

He will learn of a climate cooler in summer and warmer in winter than low-lying adjacent territory.

He will witness the installation of automatic sprinkler systems, wide paved streets lined with trees and flower-filled parkways.

50-YEAR RESTRICTIONS WILL PROTECT HIM FROM UNDESIRABLE ENCROACHMENTS.

Adjoining tracts for over a mile are similarly restricted. Light and telephone wires are underground, while water, gas and sewer connect directly with each lot.

The fact that this property is offered for sale by the owner makes the prices exceptionally low.

### MIDDLE WEST NEWS IN BRIEF

(EXCLUSIVE DISPATCH.)

DENVER (Colo.) Nov. 8.—The case against Ira N. Crabb, 49-year-old instructor at the East Denver High School, was closed today, following a private hearing before Judge Ben S. Lindsey, on charges preferred by a 16-year-old girl pupil. Crabb was found guilty by the court but, walked out of the courtroom a free man because there is no law in Colorado which provides a penalty for "contributing to the delinquency of a girl of school age."

Seven smallpox deaths were reported yesterday. With one exception the fatalities were greater than reported in any one day since the outbreak of the epidemic. All inmates of the County Jail have been vaccinated.

#### DES MOINES

DES MOINES, Nov. 8.—S. A. Beach, vice-dean of the college of agriculture and head of the horticultural department at Iowa State College, died at his home on the campus of heart trouble. He was 82 years old.

Five hundred Ottumwans have tried to name a monkey-faced, be-whiskered, chicken-legged bird, eighteen inches in height, which was brought down by a hunter. A scientific description and pictures have been sent to all museums of the country in order to identify the species.

In addition to paying \$520 alimony to his former wife, from whom he was divorced today, Benjamin Franklin Haas of Sioux City must supply her with five tons of hard coal each fall.

#### OMAHA

OMAHA, Nov. 8.—The two-ton block of Indiana limestone which will be used as the corner-stone for the new State capitol has arrived in Lincoln. The interior has been hollowed out for the insertion of a sealed metal case which will contain newspapers, documents and other articles.

Word from Winnebago says heavy rains served to put out the fire that have kept raging in the heavy timber along the Missouri River on the east side of Thurston county. Considerable damage was done to the standing timber.

#### DETROIT

DETROIT, Nov. 8.—Thomas V. Dutton, Paul Potentate of Moscow Temple, Nobles of the Mystic Shrine and for thirty years one of Detroit's most prominent Masons, is dead at his home, 1879 West Grand Boulevard. He had been ill since March.

"Chilly mornings will find tops of buses well occupied, especially with men who smoke. The Detroit Motor Bus Company, to take the edge off the wind, is equipping some of its buses with windshield tops.

Residents of Ironwood are calling for the "Fid Piper of Hamelin." Hais are reported to be increasing in numbers so rapidly as to cause concern.

#### ST. LOUIS

ST. LOUIS, Nov. 8.—After thirty-three years of steady service, the bell to which many thousands of people have hearkened was yesterday taken down from the tower of St. John's Catholic Church at St. Louis and Chestnut streets. The bell, which weighs 1,000 pounds, recently cracked and it will be recast.

W. C. D'Arcy has collected for creditors of the bankrupt Best-Clymer Manufacturing Company, \$27,538, from which he asks for an order authorizing payment of 50 per cent or about \$13,769—as a first dividend. Total indebtedness of the concern is about \$12,500,000.

Half an inch of rain fell at Poplar Bluff last night, practically extinguishing the forest fire that have been sweeping the Black and St. Francis river bottoms for two weeks. It also greatly benefited the wheat crop.

#### INDIANAPOLIS

INDIANAPOLIS, Nov. 8.—Indianapolis has an epidemic of bites. Dr. Herman G. Morgan, secretary of the City Health Board, said today. Hundreds of persons are scratching and itching as the result of this disease.

The Indianapolis Tent and Awning Company has leased the building of the Noblesville Garment Company in that city and will establish a branch factory there, employing between 700 and 800 girls and women.

#### ST. PAUL

ST. PAUL (Minn.) Nov. 8.—Four Albertville (Minn.) men are under arrest at Buffalo, Minn., in connection with an investigation by Wright county authorities of complaints from farmers of cattle rustling. A number of stock raisers have had cattle stolen.

#### MINNEAPOLIS

MINNEAPOLIS, Nov. 8.—A million dollars for public school play-grounds, providing adequately for a phase of child training which Supt. W. F. Webster says has been overlooked in the past, is set up in a \$10,000,000 five-year building program in the hands of the Board of Education today.

A large percentage of the potatoes grown in the Red River Valley are not dug and many of those stored in temporary sheds will freeze, unless the car shortage is relieved.

#### MILWAUKEE

MILWAUKEE (Wis.) Nov. 8.—Samuel Birmingham, former real estate operator at La Crosse, sought by La Crosse police for a year, has been located near Winnetka and efforts are being made to effect his arrest and extradition. Birmingham is charged with swindling La Crosse people out of large sums in real estate deals.

Joseph Lauer, Frank Lauer, and Charles Lauer, and families have donated an athletic field site to the city of Marinette. It is an entire block located almost in the central part of the city.

#### AKRON

AKRON (O.) Nov. 8.—Automobile and street car accidents caused three deaths, serious injury to seventeen others and minor injuries in fifty-seven cases, a monthly report for October compiled by the police traffic department shows. Total accidents investigated by the traffic officials numbered 848, an increase of 14 over September.

#### KANSAS CITY

KANSAS CITY, Mo., Nov. 8.—The Garden City Company, sugar and land organization at Garden City, Kan., has been purchased from Colorado Springs by Jack Davidson and associates of Wichita for a sum in excess of \$1,000,000.

Mrs. Phoebe J. Smith, 76, of Burden, Kan., widow of the late State Senator A. F. Smith, is dead. Today C. J. Smith, 41, died yesterday at his home, 704 East Forty-seventh street. Mr. Wolcott, before he retired, was one of the best known horse dealers in the West.

# REED NOW MAN WITHOUT PARTY

Such is Contentment of Wilson in Letter

"Repudiated by Democrats, Elected by G.O.P."

Missive Kept Secret While Campaign On

(BY A. P. NIGHT WIRE)  
ST. LOUIS, Nov. 8.—United States Senator James A. Reed, who was re-elected for his third term in the Senate in a Democratic victory in Missouri yesterday, after having been repudiated by his party two years ago, is a "man without a party," according to a letter from former President Woodrow Wilson, which was made public here today.

The letter, dated October 27, ten days before the election, was addressed to former Gov. Lon V. Stephens, and stated that if Reed should be elected he would be in the Senate "repudiated by Democrats and elected above their own man by Republican vote."

**LETTER REVEALS**  
The letter was not made public in the campaign and served as a reply to one to the former President by Gov. Stephens.

It was written with the thought of informing President Wilson of the outcome of the primary.

Mr. Wilson's letter follows: "Dear Gov. Stephens: "I am sincerely obliged to you for your letter of October 21. I know how entirely competent you are to assess the true situation in Missouri and I value accordingly the carefully considered information you conveyed in your letter. "I do not think that I ought to attempt any advice as to the election. I am too far away from what I may call the interior conditions of the situation.

**GUIDE 'EM STRAIGHT**  
"I feel, however, that leaders like yourself can be confidently counted upon to guide the loyal Democrats of Missouri to the right course of action."

"If Reed is returned to the Senate he will of course be there a man without a party; repudiated by Democrats and elected above their own man by Republican votes. I should think that the usual organization of the Senate would be rendered quite impossible."

"With cordial greetings to all true Democrats who, like yourself, uphold the real interests and best ideals of the party and of mankind and with sincere personal regard, faithfully yours,"

"WOODROW WILSON."

## DEMOCRATS CAPTURE STATE OF ARIZONA

EVERY OFFICE AT CAPITOL WILL BE FILLED BY BOURBONS

(EXCLUSIVE DISPATCH)  
PHOENIX (Ariz.) Nov. 8.—An avalanche of straight Democratic ballots in Maricopa county has swept the Republican party from every Arizona State office. The county, heretofore, has been a debatable ground and has given as much as 1800 majority to Gov. Campbell. It has two State Senators and fourteen Representatives.

Tonight it is figured that J. C. Phillips, for Senator, and Mrs. Freda Marks from Phoenix Representative precinct, are the only Republicans who have a chance of election. The former appears to have defeated Fred C. Struckmeyer, who was attorney for George W. P. Hunt in a victorious gubernatorial contest in 1917. Against Gov. Campbell, Hunt has carried the county by about 1500 majority. A large part of his strength in straight ballots. It is notable that a very large part of the colored vote went to him, though he faced well also in the exclusive residential districts of this city.

Tonight Hunt is being welcomed back from Globe by a great parade of partisans, with great music, red fire and oratory. At Democratic headquarters there is claim that Hunt has carried thirteen of the fourteen Arizona counties, with only Yavapai doubtful, this being Campbell's home section.

There also is claim of an overwhelming majority in both houses of the legislature, which last year had a Republican majority of one in the Senate and a similar Democratic majority in the House.

Henry F. Ashurst is returned to the United States Senate, and Carl Hayden to the House by majority over J. H. McClintock and Mrs. Emma Guild.

Every Republican will be cleared from the State House, where the party now is represented in the offices of Governor, Secretary of State, Auditor, Superintendent of Public Instruction, Attorney General and many appointive places.

J. H. Kirby displaces Ernest Hall as Secretary of State, J. W. Murphy succeeds W. J. Gairdner as Attorney-General, C. O. Case, who was in the same office under Hunt, succeeds Blaine Tates as State Auditor, and J. H. Kirby succeeds Jack White as State Inspector. Hall, Gairdner, Tates and White are race candidates. Wayne Hubbs of Mohave county has defeated Jane Gregg for superior justice, beating O. J. Baughn of Florence, while Frank H. Lyman, Democrat, now a superior judge in Maricopa county, was supposed for election to a short term on the supreme bench.

In general, the Democrats are reported successful in the county campaigns with the exception of Pima county, though in general the outside counties cast little more than their normal Democratic vote on State and national candidates. Nearly a third of the total vote was from Maricopa county.

The suppliant Reed that ever came to town is the Sport Phaeton. You can get immediate delivery.

## OSTEOPATHS' VICTORY IS INCREASING

Indorsement of "Times" Given Credit for Big Favorable Vote for Measure

"The Times is the only paper in California having the courage of its convictions and is willing to support constructive legislation on its merits alone," declares Dr. Harry W. Forbes, prominent osteopathic physician who played a leading part in the campaign waged by the members of his profession in behalf of the osteopathic enabling measure.

"The people of Southern California believe in the paper and do not believe in the Times and the Times the osteopathic profession is greatly indebted for the majority given by the Southern counties of the State to Proposition 20 which in all probability will amount to 75,000."

"Other Los Angeles papers listened to the osteopaths' argument and recognized the justice of establishing a separate osteopathic board with jurisdiction over the licensing of graduates from osteopathic colleges but only The Times weighed the proposition on its merits and indorsed it."

"Every voter in California who cast a ballot in favor of Proposition 20 is to be personally thanked for co-operating with the osteopathic profession and in each letter The Times unbiased indorsement will be noted and attention called to the fact that it is the only paper in California that is worthy of the public's support," Dr. Forbes concluded.

Complete returns from 755 pre-

dicts gave 66,566 votes for Proposition 20 as compared with 35,431 against the measure. San Bernardino and Riverside returns indicate an osteopathic victory there on a two-to-one basis while San Diego county workers report a three-to-one landslide there, Dr. Forbes declared.

## Rominger Wires Felicitations to Richardson

By a "Times" Staff Correspondent  
LONG BEACH, Nov. 8.—The following telegram of congratulations was sent today by J. A. Rominger, former State Senator, to Gov. Eliot Friend W. Richardson: "Congratulations on your great victory. The people have spoken and the machine smashed again in no unmistakable terms. The fight made by the minority in the last Legislature has been overwhelming. The Legislature has been overwhelmingly approved and the docks are now cleared to back the next Governor to the limit in his gallant fight to give the people not only an efficient but a remarkably economical government."

A Timely Suggestion  
This is the season of the year when the prudent and careful housewife replenishes her supply of Chamberlain's Cough Remedy. It is almost certain to be needed before the winter is over and is given as soon as the first indication of a cold appears and before it has become settled in the system. There is no danger in giving it to children as it contains no opium or other harmful drug.

## CHICAGO TOOTS HER OWN HORN

Building Activity Not Far Ahead of Los Angeles

Effect of Automobile on Trade Conditions

Only Good Stock Should Be Imported From Europe

BY C. R. EVANS  
(EXCLUSIVE DISPATCHER)  
(Copyright, 1932, Pacific Editor)

CHICAGO, Nov. 8.—"What is the limit?" "The blue sky." This was the brief conversation, or rather the text of a conversation, between an inquiring citizen and an old resident of Chicago who is regarded as the last thing in conservatism among those who have been handling real estate in this city from the days of mud sidewalks to the advent of the Wright monument. Anything like boom talk from this authority would be expected as much as from one of the bronze statues in Lincoln Park.

The activity in building is expressed by him not in ordinary terms but in the statement that "the population of Chicago is increasing rapidly." He drives to every part of the city and sees brick and concrete springing up out of the earth in the whole area of twenty-eight by six miles plus populous environs.

You look up the statistics, thinking that he may have had the first fit of exaggeration in his life, and you find that permits have been issued in the past few months for 10,644 buildings in Chicago to cost \$171,995,516, compared with 7,600, to cost \$119,028,019 in the entire 1931, which year was far ahead of any previous one in that kind of activity. You find that the year 1919 and 1920, which gave us so much boom in the merchandise markets, were comparatively quiet, while most of those further back look like shrinking mummies.

No, the builders are not booming building, but the tenant class are booming the builders. In the downtown district the tenants, to get all the latest room they need, would have to be too deep. To be sure, there is danger in this situation. Land cost is high, building cost double that of four years ago, and more, and the terms on which loans are made involve great overcapitalization, exposing the owners to the consequences of declining rents in future years.

BACK TO THE CITY

Everything depends on the continuance of some conditions in general business. It is not likely that there will be much of a relaxation in the next two or three years, but that is a short time in the history of a real estate investment. And then a similar activity in building exists in other parts of the country which might draw away some of the most will now thought to belong to Chicago. There is quite a large population in the farm districts which desires to get into a city, and if Chicago does not offer them just what they want, Kansas City might. It is astonishing how many countrymen get rich and slide off to a city.

The commentator just referred to noted one thing which has been the little appreciated, and that is the effect of the automobile on the building trades. "It has made mechanical scavengers for other branches of industry," said he. The case is clear when we remember that there are something like 12,000,000 of these interlopers in our present civilization, and that the mechanics are well paid by that industry, especially the Tin Line portion of it. So we have wages high beyond precedent among those who wield a hammer on the building, and that when a structure is half way up and winter is coming on. Nor is there any doubt that the manufacture of automobiles will continue its present rate of speed indefinitely.

LABOR SITUATION

Since the wheeled vehicles have run away with so much of the supply and other interests have taken the little courtesy left, the eye of the business man scans the horizon to see if there is any dependable source of workers. "If," says one, "we could get a lot of people from the northern part of Europe, they would be in favor of opening the gates. They are of our own blood and can do as we do. We do not want any more South Europeans for the present."

Much as we are inconvenienced by the shortage of labor, and desirable as it is that we should import more European stock, we should remember that the tendency of business in this country is to move in big billows, and that those billows are followed by deep troughs, which cause loss and suffering. If by lack of labor now we shall postpone some of the new creations to future years, and thus spread the activities over a longer period, we shall be in a more secure position. Better twenty years of steady business than two years of fever and had disposition of overestimated wealth.

WEEKLY REVIEW OF VEGETABLE MARKET

(BY A. P. HIGHT WIRE)

CHICAGO, Nov. 8.—Vegetable market showed last week's activity in the country and Chicago, according to the weekly review of the United States Bureau of Agricultural Economics.

The demand for potatoes was accompanied by a rapid decline in shipments. Some damage from frost was reported in the West and New England.

The potato situation in western producing sections has been disappointing. Poor markets on potatoes in the West have led to a decline in the price of potatoes in the West.

While the decline in potatoes featured the week in the West, market conditions in the East were more favorable. Some damage from frost was reported in the West and New England.

## DAILY TRADE TALK

Big Oil Company May Cut Melon; With the Farmer; Investment and Export; Business News

According to persistent stories circulated yesterday throughout the financial district, but so far lacking official confirmation, General Petroleum will be the next California oil company to cut a stock melon. The par value of this stock was recently cut from \$100 to \$25, and when the exchange takes place, stockholders are confidently looking for a declaration of stock dividends. Such action, it is said, will undoubtedly occur if General Petroleum stock is listed on the New York Exchange.

President John Barnson is reported to be in favor of a disbursement of stock as a bonus to the shareholders in an action. It is known that General Petroleum owners have been asking for a stock dividend for some time, and in view of the increased production and growing earnings of the company, the present time appears to be a logical one for such an action. The recent Standard Oil allotment is believed to have created renewed interest in such proposals on the part of other companies.

General Petroleum owns properties in California comprising about 20,000 acres, and through its subsidiaries, controls 4000 acres in the Los Angeles field, both in the Los Angeles and the Santa Monica fields. The California production of this oil is estimated at 25,000 barrels per day at this time, with additional production shut in because of lack of storage. The company owns the entire capital stock of the General Petroleum Company and the Continental Mexican Petroleum Company, and through the former corporation owns and operates a pipeline system over 250 miles in length.

After the revision in the capital structure of the company takes place, there will be approximately 908,679.90 shares of common stock outstanding and 124,488 shares of 7 per cent preferred in the hands of the public. At present, the capitalization consists of 12,122 shares.

Year ended August 31, established a new high record in the history of the company. Net amount to \$14,514, which means that the common dividend of \$4 per share was earned something like four times over.

Market Street Railway second preferred jumped 1 1/2 points, the stock of the company, which was preferred, 8 points, and the common 3 points today, with very heavy support in evidence. This strong buying was due to the outlook in the San Francisco city elections. Returns were not complete at market closing time, but it was apparent that the amendment to the State Constitution which is necessary before the city will be allowed to acquire the Market Street Railway line, will be adopted. Naturally, United Railway investment, which controls the Market Street, rose in sympathy.

General Asphalt common and preferred met with a sharp selling drive which brought out considerable stock on a loss of nearly 5 points for the common and 3 1/2 points for the preferred. In connection with this drop, rumors were about in the market concerning the safety of the company's dividend, which is considered to be the jeopardized because of the unfavorable outlook for the company's products in the immediate future.

# SANTA MONICA

GROWTH AND INVESTMENT

Santa Monica is growing at the rate of one thousand population a month—fifty per cent a year. Its bank clearings for Nineteen Twenty-two will be approximately three times the amount for Nineteen Twenty. Property values have increased from ten to eight hundred per cent—estimated to be an average of forty per cent for Santa Monica city—in the last nine months.

There is a new spirit in Santa Monica—a greater appreciation of its possessions, a larger love; a livelier sense of civic duty, a broader thought, a higher aim, a greater accomplishment.

There is the joy of co-operation, the joy of service, the pleasure of giving, the happy thought and binding tie of being united in an idea and an ideal for definite attainment.

There is a generous consideration of the welfare and happiness of the great permanent and transient population to come—a sense of responsibility and an awakening to larger affairs affecting the life of the people of the metropolis and the great Southwest of which it is the capital.

Santa Monica has opened its thought, its doors and its heart that the rest of the world might enter and enjoy the glorious gifts of beauty, comfort, pleasure and exaltation so prodigally bestowed by nature upon this earthly paradise at the end of man's journey toward the setting sun.

There is an ambition to make Santa Monica the best place in the world to live and an invitation is sent out to good people who can catch the new spirit to "come and join us." There is great activity, increased membership and new spirit in our clubs, civic organizations, schools and churches—more optimism in business and more happiness in our homes—all fruitage of an idea.

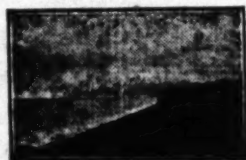

These results are obtained through constructive advertising, which is based on the underlying idea that working for the greatest good for the whole district and the whole public with unity, harmony and co-operation is fundamentally the right thing to do and brings as a natural result greater prosperity and benefits to the individual person, business and community than could be obtained through separate and selfish endeavor. The results prove the principle.

With Santa Monica's ideal summer and winter climate, unique topography, scenic beauty, great bay and choice of all locations in the world—where Los Angeles meets the sea—with its rapid growth on such substantial foundation and impelled by such sound principle and keen activity Santa Monica is a very profitable place for investment as well as the fulfillment of the yearning for earth's highest home. There are fifty opportunities ahead for one that is behind.

Greater Santa Monica Club invites you. For information come to Santa Monica or address

## HERRIN MURDER TRIALS BEGUN

All Cases Nolle Prossed Except Five

Men Charged With Shocking Crime Make Merry

Election Results Indicate Unrepentant Mood

BY PHILIP KINGSLLEY (EXCLUSIVE DISPATCH.)

MARION (Ill.) Nov. 8. — Five men said to have been leaders in the Southern Illinois Coal Company massacre of June 11-12, and in the slaughter of non-union men at the Herrin cemetery that followed the surrender of the mine, were placed on trial today before Judge D. T. Hartwell in the face of election returns which give complete vindication to Sheriff Melvin Thaxton, for his policy of non-interference at the time of the riots and his subsequent acts of sympathy with the rioters.

## Scenes at "Red" Round-up at Harbor Here

When Detectives Swooped Down

Above, at left, scene in the International Longshoremen's Association headquarters at Los Angeles Harbor when Detective Sergeant Lane and his squad were searching suspects for I.W.W. cards last night; at right, Desk Sergeant Louis Vigneau at the harbor searching for I.W.W. cards last night. Paul Wane, accused as a radical organizer, and N. N. Moran, plain clothes officer, searching Wane's room at 567 Sixth street, at the harbor.

## ASSAULT Baffles Police

Los Angeles Woman Beaten With Rolling Pin in Room at San Francisco; Man Sought Here

The motives of revenge and jealousy last night entered into the search for George H. Norris, Los Angeles man who is wanted by the San Francisco police in connection with an assault there yesterday upon Mrs. Laura C. Booth, also of this city.

No charges have been filed against Norris, but the San Francisco police are anxious to question him regarding the attack on Mrs. Booth, who was found unconscious in an apartment-house after she had been struck on the head with a rolling pin. It is feared that she sustained a fractured skull.

While unable to give a coherent account of the events subsequent to her injury, Mrs. Booth is said to have told the police that she became acquainted with Norris through a friend, a woman named "Mabel," who lived at 734 Valencia street here on August 2, and left last Saturday night for San Francisco. Norris, who is said to be a "Wobblie" organizer, was among those jailed.

Marah was arrested at 225 Third street, San Pedro, where a list of names on opium was found in his possession. He was charged with the possession of narcotics and turned over to the juvenile bureau. A search of his person revealed an I.W.W. card and receipt showing that he had paid dues.

The drive against the "Wobblies" has been going quickly forward for the past week, it was stated last night, a number having been arrested and held on other charges. Open warfare started last night with the raid on the "Bucket of Blood," where three men declared to be delegates and organizers were taken into custody.

## MAY HAVE ALIAS

Norris, who is said to be also known as "O. D. Howard," lived at 419 West Thirty-third street after coming here with his wife from Detroit, until Dec. 15, 1920, when he sold the house to Mr. and Mrs. W. H. Odette, its present occupants. The Odettes assert that Norris told them he was a physician, but did not practice. He was then in the real estate business. Admission to the apartment was given to the Odettes by Norris, who was intensely jealous of women who called up for her husband.

Norris is believed to have left for San Francisco on the same day as Mrs. Booth, from 1515 West Eighth street, his address then. At the Valencia-street address, where Mrs. Booth lived, neighbors hinted of trouble between her and a divorced husband. She is said to be about 40 years old, and wealthy.

## ROBBERY NOT MOTIVE

When Mrs. Booth was found unconscious in the San Francisco apartment, after her screams for help had attracted passers-by, who summoned an ambulance, the sum of \$1500 in currency and \$3000 in jewels were found on her person. This leads the police to believe that the attack was made by a jealous or revengeful person, since the motive was not robbery.

Admission to the apartment when the ambulance first arrived was refused by a man who said he was Mrs. Booth's family physician. When the attendants returned later, the woman's unconscious form was found with a rolling pin near by.

**HOLLYWOOD HOME ROBBED**

The home of H. Silverman, 5812 Lexington avenue, Hollywood, was broken into last night and robbed of \$300 in silver and furnishings, he reported to the police.

## THIRTY-SIX REDS SEIZED IN POLICE HARBOR RAIDS

Notorious Radicals Taken by Police in Raid Opening Determined Warfare on Wobblies Here

Radicals netted last night in police raids at Los Angeles Harbor brought the number now in jail and awaiting action by the grand jury on criminal syndicalism charges up to thirty-six.

## DAVIS HAS PRAISE FOR LOCAL PORT

Los Angeles Pointed Out as Logical Site for New Immigration Station

Secretary of Labor J. Henning Davis arrived from San Francisco shortly before noon yesterday and immediately to Catalina Island for a two weeks' vacation as the guest of William Wrigley. Before embarking on Mr. Wrigley's private yacht Quest, he dispelled rumors that the proposed new immigration station for Southern California would be located at San Diego instead of Los Angeles.

The Labor Department chief was accompanied by Mrs. Davis and A. E. Cook, his secretary. The party motored down from San Francisco and was met at the harbor by J. H. Patrick, general manager of the Wrigley interests, and Capt. A. A. Morris, commander of the Vigor. They left at 1 p.m. for Avalon, where Mr. Davis said he expects to indulge in recreation and rest until the 20th inst., when he will return to Washington.

Mr. Davis said he had accepted an invitation to speak before the American Legion meeting in Los Angeles on Armistice Day. He complimented the Los Angeles Times on its attitude during the recent labor troubles, stating that its stand was of general benefit to the public and tended toward a fair settlement of the strike controversy. In line with this he reiterated his contention that American workmen should receive wages ample to permit them to save money.

Los Angeles is now in the 21st place immigration district, but Secretary Davis intimated the possibility that it might be made the headquarters of a separate district, asserting that this city, with its growing harbor facilities and original ship traffic, is the most advantageous site for any port on the Pacific Coast.

## MUSICAL COMEDY STUMBLING BLOCK

Musical comedy was a sad disaster in the life of Thomas Little, he asserted in substance yesterday in a suit for annulment of his marriage to Elsie Lee, actress. Little, 16-year-old son of a War Department clerk, and high school graduate, who is said to be a "Wobblie" organizer, was among those jailed.

Marah was arrested at 225 Third street, San Pedro, where a list of names on opium was found in his possession. He was charged with the possession of narcotics and turned over to the juvenile bureau. A search of his person revealed an I.W.W. card and receipt showing that he had paid dues.

The drive against the "Wobblies" has been going quickly forward for the past week, it was stated last night, a number having been arrested and held on other charges. Open warfare started last night with the raid on the "Bucket of Blood," where three men declared to be delegates and organizers were taken into custody.

## COUNCIL SIFTS WASTE CHARGES

Bureau of Power and Light Accused of Blunder

Fifty Thousand Dollars a Month Involved

Money Spent on Unowned Land, Is Report

That the Bureau of Power and Light has expended \$50,000 a month on land which the United States Circuit Court of Appeals has decided belongs to the Southern Sierran Power Company instead of the city, is the purport of charges which have been made to members of the Council. In view of these charges, the Council, by unanimous vote, yesterday requested that the bureau furnish a detailed report of its expenditures for the past several months.

Councilman W. C. Mueset, who offered the resolution asking that a report be made by the bureau, stated that he did not desire to make sensational charges of misappropriation of funds. In fact, the Councilman said he offered the resolution simply because the serious charges have been made and with a desire that the public be furnished with the facts.

## REPORT REQUESTED

The Council then, without a dissenting vote, decided to ask for a complete report of the bureau's expenditures on this strip of land in the Owens River gorge, where the city has sunk an expensive tunnel, according to Assistant General Manager Pools of the Sierran company, who also says the city has spent large sums of money on surveys and development on his company's land.

The city, it is also stated in the charges, has been obliged to keep on deposit in a San Francisco bank the sum of \$125,000, the value of the land in dispute, while the appeal, which the city lost, was pending. The United States Circuit Court has decided the land belongs to the Sierran company, and the existing plan for the municipal distribution of light and power has received a severe setback by the decision. The United States Circuit Court of Appeals, however, reversed the ruling of the United States District Court and it is understood an appeal is to be taken to the United States Supreme Court which will cost the city another considerable sum and will leave the \$125,000 in the San Francisco bank for a still longer period.

## LARGE SUMS SPENT

"Immense sums of money have been spent by the city on our land in the Owens River gorge," said Assistant General Manager Pools in a long-distance telephone conversation yesterday following the action of the Council. "A tunnel has been drilled and extensive survey work done. The money has positively been wasted as far as the council is concerned, as the United States Supreme Court will decide the case."

## STATE'S BEST FOR NATION

California's \$100,000,000 Citrus Crop of Highest Grade, Despite Freeze Handicap

California's \$100,000,000 citrus fruit crop of 1922 supplied the markets of the United States and Canada with only the highest grade of oranges, grapefruit and lemons despite the handicap of the severe freeze experienced by the industry in January, according to the annual report of the California Fruit Growers' Exchange, made public here yesterday by E. G. Desell, its general manager.

Nearly 13,000,000 boxes of oranges and grapefruit and 4,654,771 boxes of lemons comprised California shipments during the fiscal crop year, which ended October 31, last.

"Citrus growers of California," said General Manager Desell's report, "have won an enviable reputation among the trade and the consuming public by their intense and skillful handling of the damaged crop of this season."

Based upon Exchange returns California received \$71,368,444 for the 1921-22 citrus crop; the delivered value in the markets being \$85,928,445, which included \$24,672,021 for freight and refrigeration.

The Exchange sold during the same period 27,138 carloads, or 65.7 per cent of the State's total production of oranges, lemons and grapefruit for the members of the central organization at a cost of 7.7 cents per box, which, according to Desell, is less than the cost of ten years ago, and less than the present marketing cost of any other perishable agricultural crop.

## PRODUCTION REDUCED

Early estimates at the opening of the season indicated that the 1921-22 citrus crop would have been the largest yield in the history of the industry, but the three nights of severe frost are said to have reduced the production approximately 54 per cent of the original estimate. Shipments following the freeze amounted to only 49 per cent of the quantity expected to be shipped from the date.

"The successful handling of emergencies of this kind is possible only because a large percentage of the producers are working together wholeheartedly for the best interests of the industry," said Mr. Desell.

Through the confidence inspired by the action of the shipper in protecting the trade and public alike, it was possible to market the remaining crop at very satisfactory prices, the difficulty being that the returns were not evenly distributed—some growers being able to ship little fruit following the freeze, while others, whose groves were situated in districts where the temperatures were not so severe, or who successfully protected their crops by orchard heating received large returns because of the greatly reduced supplies.

Systematic federated financing of distribution by thousands of producers, the cumulative effect of extensive national advertising, cooperative purchasing of supplies, standardization of grades, and efficient distribution, were the leading factors to which Mr. Desell attributed success in this difficult year were attributed.

## KJH BRIDGES CONTINENT WITH ELECTION RETURNS

Telegrams From Cities All Over Country Commend Clarity of Tone and Modulation

KJH has bridged the continent with its mighty voice. Definite assurance of this became apparent during the election night six-hour broadcast and all day yesterday in a deluge of telegrams from such points as Jacksonville, Fla., Pittsburgh, Cincinnati, Louisville, Chicago and elsewhere. The sifting of these messages indicates that much midnight oil was burned by the listeners in Tuesday night and Wednesday morning to get the program. Especially did Easterners keep close to their radios, waiting for the "news" hours of the morning—some as late as 3:30 a.m.

Some of the messages follow: Louisville, Ky.: "Concert coming in fine. Congratulations. Will stay on until 11:30 p.m."

Portland, Ore.: "Getting excellent news from all over the States for us at end of schedule."

Signed, Radio KGG.

Canden, N. J.: "Concert coming through fine. Would like to hear from you again. Signed, H. A. Fisher and Glen Bornshell."

## KANSAS REPORTS

Alton, Kan.: "Your concert came in last night very clearly. Enjoyed the Hawaiian music immensely. Signed, Fred Hill, J. J. Gorman and D. H. Hardman."

Pittsburg, Pa.: "Last night concert received on detector tube only. Report follows. Signed, H. B. R. Raiser."

Cincinnati, O.: "Prelude in G minor unusually clear at 11:30 Eastern time last night, the seventh."

Los Angeles: "Quartet good. Please wire verification collect by Postal Telegraph."

Cedar Rapids, Iowa: "picked you up at 12:00 a.m. and stuck with you till the finish which was 3:30 a.m. Central Standard Time 1:30 your time. You played Hot Lips, Nobody Lied, Three O'Clock in the Morning. I could even hear the people holler when you told them to. You came in great. Modulation good, wave length, steady. Please answer this by wire. Western Union so I will have proof to my friends. I heard you. Signed A. J. Fauba, Palace Theatre."

## BEST DEMONSTRATION

Cincinnati, O.: "From quarter to one to two o'clock our time heard your concert and report on election returns for California. Modulation and one fine. Mr. Jenkins poem perfect. It is the best demonstration I have ever heard of and I have heard most all stations throughout the country with my instrument. Mail me your program. Want to listen in again."

## SISTERS VAGUE ON LAW

Attractive Oil Promoters Eager for Million Find State Has Rules on How to Get It

It's the story of a million dollars that war to be a story of three pretty girls, a desire for gold, and the usual conception by a pretty woman of finance and the realization of the law.

Miss Nettie M. Slatt reached for the moon but found it just beyond her finger tips. The moon was in the form of \$1,000,000; the \$1,000,000 was in the form of oil. But all the stretching and striving, scolding the young woman not to be so greedy to the law.

In literature which compelled attention, he said Sisters' Oil Land Company told of "Huntington Beach, the grand and glorious oil field, whose history of wealth reads like the Arabian Nights. And eat! An appetizing luncheon awaited you at your journey's end, coupled with a lecture that will entrance you."

It sounded too good to be true. The Corporation Commissioner investigated and found that the Slatt sisters, while of winning personalities and overhelming looks, possessed no permit to sell oil. They, however, continued to smile, serve a delicious lunch, and sell lots with which they gave away 250 shares in their oil company.

## WARNINGS FAIR

He warned them again but being women and attractive they just couldn't stop. The third time he had Miss Slatt arrested for violation of the Corporate Securities Act. She, with her two sisters, Viola and Alice, appeared before Judge Monroe yesterday to be tried. The jury was drawn and Dep. Dist.

## RING CLEW IN BRIDGE MURDER

The attempt to pawn a diamond ring believed to have been owned by Nicholas F. Dabelich, Oakland cafe proprietor whose body was found here under a bridge on Mesa Drive last Thursday, resulted in the arrest at Oakland yesterday of Jack W. Allen.

Allen was detained by the police for examination. The ring, which was found in the pocket of the body, was identified by Dabelich's family as his. An investigation of the case by local authorities when Dabelich's body was found, all data was turned over to the Oakland police in the belief that the slain man met in that city the persons who murdered him.

**MILIONAIRE'S SON HELD**

The authorities learned yesterday that J. B. Tomlinson, arrested eight days ago on a charge of kidnaping a postal clerk, is the son of a millionaire of Butler, Ark. Tomlinson was registered here at the Ambassador.

## RECORD SET IN BROADCAST

**KHJ Gives Six-Hour Flesh-and-Blood Bill**

**Uses No Mechanical Music in Long Concert**

**High Quality of Program Maintained**

When KHJ gave six hours of continuous concert Tuesday evening—the special election night feature bill—it established a precedent in radio broadcast in that during all that time not one single mechanical form of music, such as phonograph records, or player-piano records were used. Only flesh and blood artists appeared and that this feature made a distinct hit with the radio listeners who were found in all parts of the United States became clearly evident from their ready response through telegrams and long-distance telephone calls. Some reported by radio, too. The same high standard of quality which marks KHJ's regular programs was especially marked in the special election night feature.

In yesterday afternoon's period an all-Spanish program was given through the courtesy of the Estrella Theater, a Spanish playhouse, where the artists who appeared on the program at KHJ are regularly seen and heard. Rosalina Melendez, soprano, offered a group of Spanish songs, several in addition to those scheduled being presented by Senorita Melendez in response to numerous telephone

requests. Senorita Melendez has a voice of rich charm and her interpretations are exceptional. Josefa Rivas, soprano, and her father, Federico Rivas, gave "Duet Nacional," with a true Spanish flavor. That this number was keenly appreciated by listeners was indicated by the telephone calls that came to the radio department following the performance.

Josefa Rivas offered two solos in addition to the duet which she sang with her father, these being "Buenos Aires," "No Sin de Mí," and "El Cupido."

All accompaniments for the all-Spanish program were given by Felix Doers, whose piano solos and accompaniments have been recognized for their quality during his many appearances on KHJ programs of Spanish flavor.

During the evening broadcast contralto, soprano, violinist and guitar soloists were heard. Nellie M. Farrell, contralto, accompanied by Bernice Morrison, entertained during the children's half-hour with three songs—"Kitty," "The Linden Tree," by Schubert, and "Carry Me Back to Old Virginia," by Bland. She has a voice of exceptional quality and her interpretations last night were charming to youth and adult alike.

Ruth Brewster Payette, soprano, accompanied by Mrs. Belle Vickers, who has been on KHJ programs previously, and who has earned a host of admirers in radio-land for her remarkably clear and finished technique, offered six numbers during the 4 to 5:30 concert period, two of them having a violin obligato by Gladys Burch Dale. The two with the violin obligato were "Visions," by Massenet, and "Visions," by De Hardestel. The remaining numbers, with the ever-growing accompaniment, were "Since You Went Away," by Johnson, "Calm as Night," by Johnson, "May Day," by Walshaw, and "To Hear the Gentle Lark," by Bishop.

Gladys Burch Dale, accompanied by Mrs. Paul Chase, contributed

## "Times" Radio Their "Open Sesame" to Homes Afar

Robert and Sam Wheatley duo duets.

The Pizzicato Quartette.

KHJ to Carry Their Artistry from Pacific to Atlantic

three superb solos on the final broadcast program yesterday.

These were "The Swan," by Saint-Saens; "The Old Refrain," by Kreisler; and "Canzonetta," by Kreisler.

Interpretations have a quality that carries strong appeal and her work stamps her as a finished artist.

L. M. Dewitt, steel guitar soloist, and W. J. Gardner, harp guitar soloist, offered three duets on last night's concert program—"Honolulu March," by David Kall; "Walkie For," from W. J. Gardner, and "Drowsy Waters."

This type of music is always appealing to the ever-growing audience by family, and brought calls for encore last night, which is the best commendation of the playing of these two artists that can be given.

**WIFE BELIEVES HUSBAND LIVES**

H. J. Cundance, who from a note in his automobile in Venice on September 24, was thought to have ended his life by drowning, believed alive by his wife, Mrs. Lola Cundance.

Mrs. Cundance, who was the second woman to appear at the Venice police station announcing her belief that her husband had left the note only as a ruse.

She further said she had not lived with him since January, but that she had never obtained a divorce, or to her knowledge had he ever brought divorce action.

The first woman appearing at the beach city police station gave the name of Mrs. Marie Cundance. She declared she was Cundance's wife and the person to whom the note found in his car was addressed. She gave her address as 1222 1/2 Irolo street, but inquiry at that place yesterday disclosed she does not reside there.

Mrs. Lola Cundance said she was married to Cundance in June, 1921, and left him in January, 1922. She has not seen him since that time. She learned of his supposed suicide through reading accounts in the newspapers. She did not go to Venice immediately to make inquiries, but waited until last Tuesday to begin an investigation.

She said she had information leading her to believe that Cundance had obtained a marriage license to wed the woman, who first appeared at Venice posing as his wife, in a Southern California cabaret, and that as soon as she had proof, she would ask that a warrant charging bigamy be sworn out against Cundance.

**CLUB STAGES PLAY**

Gamut Organization Sponsors Satire on Film Plays

The Gamut Club will inaugurate the fall season of its drama section next Wednesday night, according to announcement yesterday by President L. E. Behrmer. The organization will sponsor the presentation of "The Prodigal Son," by the Patisse Players, on three nights, beginning Wednesday.

The production is a satire on the cinema, written by Alfred Hollingworth. According to Behrmer, the drama section has mapped out an ambitious program for the coming months, with a number of original dramatic and comedy plays by local authors to be presented.

## WIFE'S DANCING RIGHTS DEFINED

**Privilege Clear if, Hall is Not Disreputable**

**Santa Monica Dentist Has Many Grievances**

**Former Minister Testifies for Husband**

Husbands who object to their wives going to dances may take comfort from a remark Judge Hahn let drop yesterday during the trial of the divorce suit of Dr. Herbert C. King, a dentist, against Caroline F. King, of Santa Monica. Dr. King told the court that his wife went to dances three times a week. This was one of the causes in his action charging mental cruelty.

"She had a right to go to a dance if the hall was not disreputable," stated the court.

The case was continued for further evidence that Mrs. King was jealous.

The Kings have been residents of Santa Monica for many years and a long list of prominent people are expected to testify. Mrs. King did not contest the case called today. A property settlement is declared to have been effected by which the minor children are to receive \$10 a month each until they become of age and then \$75 per month for the remainder of their lives.

**NAUGHTY CHARGED**

Dr. King had a long list of grievances against Mrs. King with whom he has lived for twenty years. He said she wanted to be independent; that she was constantly moving; that she nagged him at the table until finally he did not go home any more. He gave up his place in his mother-in-law, he declared, and had to sleep upon a couch. He admitted that this is the fourth time he and his wife have separated.

Dr. King's only corroborating witness was Dr. J. Warren Rice, former Baptist minister, former physician and at present secretary of the Orange County Chamber of Commerce. Dr. Rice testified that Mrs. King was of a quarrelsome disposition. Dr. King, the former preacher asserted, at first had a pleasant disposition, but that in recent years his marital troubles had appeared to get the better of him. The witness ascribed the Kings' troubles to temperament and the wife's relatives.

**GAVE HIM ORDERS**

In a letter to her husband, Mrs. King wrote:

"Things I have seen have convinced me that Miss Dorsett's influence over you has been the cause of your indifference and selfishness toward me and mine toward you. It has run its limit. She is not to come back to your office any more. If she does, I will know that my imaginations have proved up. She won't run you or me any more, as she would like to do."

Mrs. King wrote in a letter to her sister:

"If there ever was an old crank next to me, it is Dr. King."

**Circus Doings in "Home Nest" Displeases Wife**

Circus stunts have no place in the home, in the opinion of Lillian Tyler, who filed suit for separate maintenance in the Superior Court yesterday against Harry R. Tyler, manager of the A. G. Barnes circus.

Last Monday, she says, Tyler partook of a strong vintage, and immediately was inspired to seize three revolvers, which he brandished in a threatening manner. The feat of picking up three revolvers at once was not particularly objected to, but Mrs. Tyler asserts he voiced remarks about ending her life.

Mrs. Tyler asked for \$1500 a month for support and a share of community property valued at \$150,000. According to the suit, prepared by Attorney Frank A. McDonald, Tyler draws \$1000 each month from the circus, and has an income of \$2000 each month from property in Hastings, Neb.

**PARIS OF WAR DAYS TO BE REVIVED HERE**

**FRENCH FEATURES WILL BE RECONSTRUCTED FOR ARMISTICE DAY**

A segment of the Paris that the doughboys knew is to be reconstructed at Exposition Park for Armistice Day by the local chapter of the American Women's Overseas League, it was announced yesterday by Miss Elizabeth Hill, president of the local organization.

The league plans to reconstruct a street in Paris as it was during the war. In this work it has the co-operation of the American Legion, the Chamber of Commerce and the city board of parks.

There will be French shops, French signs, French cafes and cabarets, soft drinks with hard names, Salvation Army ladies selling doughnuts, overseas women dressed in uniform and all other sights and objects to remind former service men of the gray European capital during war times.

Numerous entertainments are also planned. It was stated, the proceeds to go to the Soldiers and Sailors club. Ben Plaza, manager of the Hill Street Theater, has arranged several acts to be given in a large tent at the park during the festivities.

**POLICEMAN PROMOTED**

By a "Times" Staff Correspondent

SANTA MONICA, Nov. 8.—Acting Captain Clarence E. Webb was made a full-fledged captain of the Santa Monica Police Department today after confirmation of the promotion by Mayor Berkley. He made a civil service grade of 80 per cent in the recent examination. Capt. Webb has been a resident here for thirty years and a member of the department since Jan. 1, 1916.

## Mrs. Fredericks was WORRIED

And no wonder! Visitors were coming out that afternoon and the old, old problem had come up again—"What shall I serve for refreshments?"

For the last party, she had worked feverishly all morning and had served an elaborate luncheon. She didn't mind the work so much, although it did leave her nervous and excited. But it was so expensive! And somehow, the afternoon had seemed stiff and formal—so different from the party at Mrs. Bradley's.

"What is it that makes everyone feel at home at the Bradleys?" she mused. Then suddenly—"an ideal! Yes, yes; that must be it," she said to herself. "I'll serve the same sort of a luncheon."

Never had there been such a happy party as Mrs. Fredericks gave that afternoon. "I have learned something," she told her husband later. "The secret of successful entertaining is to serve good Coffee and plenty of it. Good Coffee, with something simple like sandwiches and cake, seems to suit most people much better than an elaborate collation without Coffee. There is something about Coffee that makes everybody feel at home."

## NAVY APPROVES FLEET'S CRUISE

**Maneuvers Of Panama Indorsed**

**Consent on Fuel Allowed by Congress**

**Forces to Participate for First Time**

Panama cruise and winter maneuvers of the Pacific Fleet were approved by the Navy, and preparations are under way at Los Angeles for the departure of the fleet for the Panama harbor on April 12. The entire Pacific Fleet, including the battleships, will arrive at Los Angeles on April 12, and will remain there until April 13. The attention of the fleet will be focused on the maneuvers of the fleet in the Panama harbor and the surrounding waters. The fleet will be divided into two groups, one of which will be stationed in the Panama harbor and the other in the surrounding waters. The fleet will be engaged in a series of maneuvers, including the use of fuel, which was approved by Congress.

**MEMBER OF THE ASSOCIATED PRESS**  
 The Associated Press is a news-gathering  
 organization of newspapers and news  
 agencies in the United States and  
 other countries. It is not a news-gathering  
 organization in this paper and also  
 the local news published in this paper.

**NO SUCH ANIMAL**  
 The new British Premier has "tran-  
 quillity" for a platform and a slogan, but  
 thus far the only place in the world where  
 tranquillity can be found is in the dic-  
 tionary. At that, it is among the seas.

**THE REAL THING**  
 One of the prettiest home brewers  
 is curious to know how they make this cot-  
 ton gin that goes so big at the harbor and  
 in Imperial Valley. Thinks it must be bet-  
 ter than the synthetic gin he has been get-  
 ting.

**REVISED VERSION**  
 If Solomon had lived today he would  
 have changed his famous text to read:  
 "Of making many treaties there is no end  
 and peace conferences are a weariness to  
 the soul." An ounce of vision is worth a  
 pound of revision.

**POLEMIC CHINA**  
 Chinese revolutionists are said to have  
 received heavy invoices of arms and am-  
 munition shipped in cases marked "Soap."  
 It is supposed to be quite the regular thing  
 to use soap in cleaning up China. If this  
 is cast-steel soap it might be quite effective.

**THE LAST MONOPOLY**  
 It has come at last—the suit by an  
 aggrieved radio fan at Omaha to enjoin  
 the big radio companies from taking all  
 the air. Free air has a different meaning  
 now from what it had when it was used  
 for breathing purposes only. Some day  
 "breathing-air" may become a public utility  
 and be municipally owned and com-  
 missioned and "billed" and placed on the bal-  
 let and then we shall all be able to turn  
 politicians.

**EMBARRASSMENT**  
 A wife complained in the divorce court  
 that her husband turned her upside down  
 and spanked her with a strap when she  
 asked him for money. It is hoped that  
 this practice is not to be permitted to ex-  
 tend. Although there may be hints of good  
 form, it is not at all polite or respectful  
 for husbands to spank their spouses when  
 they ask for dough. It is highly embar-  
 rassing for any lady to be spanked. It is  
 hoped that this wife gets her degree.

**TWO MUCH INITIATIVE**  
 The beauty of the initiative is indicated by  
 the circumstances that have caused the voters  
 to decide whether judges may give  
 full or interlocutory divorces and in an-  
 other they are to pass upon the kind of  
 pools that may be made at horse races.  
 It would seem that these were matters that  
 might safely be left to the legislatures  
 without dragging in the public. If the  
 idea for the initiative should extend the  
 ballot of the future will have to be issued  
 in installments and the voting be done in  
 sections.

**BEFORE CONGRESS**  
 Congress is expected to give all its  
 attention at the coming session to the ship-  
 subsidy bill, but this may also include prob-  
 lems relating to moonshiners on the coast and  
 the exchange of benefits to the farmer in  
 return for those extended to the mariner.  
 If the ships must have credit and backing  
 in order to enable them to compete with  
 the mercantile fleets of other nations the  
 American farmer may also need to have  
 his credit buttressed when he is trying to  
 market his crops. It will be a hard virtual  
 impossibility to confine the business and  
 debate of Congress to a single thought.  
 This is a large country.

**WOMEN AND THE HAREM**  
 According to recent research as re-  
 corded in The Times, the women of Tur-  
 key are not all giving three cheers for  
 their recently acquired independence. Most  
 of the old-timers are still strong for the  
 harem. Now a lot of them have to get out  
 and hustle for their meals. In the old days  
 they had to do was to sit on uphol-  
 stered cushions in a nice warm harem and  
 munch chocolate creams. They could push  
 the buzzer for coffee whenever they felt  
 like it and the hours were spent in gossip  
 and embroidery. To go forth into a rough  
 world and put in twelve hours a day in  
 some factory or shop for the joy of being  
 independent does not appeal to all of them.  
 They are sighing for the good old days  
 when Mustapha Pasha provided a nose-  
 bag for a whole flock of hours and od-  
 dles. It seems to be mighty hard to please  
 all the women in the world.

**PIPES FOR WOMEN**  
 English women of the smart set are  
 strong for cigarettes. They burn the torch  
 in dining-room, boulevard and parlor. They  
 smoke heavily in public places and it has  
 become an accepted custom of the sex.  
 But a couple of recent deaths of women  
 from the alleged excessive use of ciga-  
 rettes has led some of the members of the  
 medical profession to call the attention of  
 the dames to the superior joys of the pipe.  
 In the pipe they smoke pure tobacco and  
 nothing else. Such indulgence is declared  
 to be wholesome. It cleanses the teeth,  
 drives off dangerous germs and renovates  
 the brain. What could be more inspiring  
 than the vision of a lovely girl with a cor-  
 rob pipe between her scarlet lips? Flap-  
 pers may in time get around to using these  
 meerschaum base-burners that look like a  
 saraphone. Behind such a smoke-screen  
 a maid would be doubly alluring.

**TWO PUBLIC QUACKS REBUKED**  
 There is but scant consolation for the  
 demagogues and dreamers, who always  
 have grandiose plans for spending other  
 people's money, in the result of Tuesday's  
 election in California. What the Public  
 Power League so boastfully announced as  
 "the first campaign for State-wide public  
 ownership plan ever proposed in the United  
 States" ended disastrously. Their much-  
 heralded water-and-power project was bur-  
 ied under an avalanche of adverse votes.  
 The power of the public triumphed over  
 the Public Power League by a majority of  
 at least three to one.

Haynes, Spreckels, Mathews, Scatter-  
 good et al. figured that the novelty of the  
 scheme gave it a splendid opportunity for  
 success. They counted on a credulity of  
 the electorate which did not exist. During  
 the last ten years the producers of Cal-  
 ifornia have suffered on more than one oc-  
 casion for lending their ears to faddists  
 and demagogues. Experience has taught  
 them caution. They are no longer to be  
 deluded by the label on the bottle.

These self-styled leaders of progressive  
 thought are making progress rapidly, but  
 in the wrong direction. They are finding  
 there is no escape from Lincoln's conclusion  
 that "you can't fool all the people all the  
 time." While there probably was a time  
 when their names lent weight to certain  
 projects, when their assumption of a su-  
 perior virtue fooled the unwary; the result  
 of Tuesday's balloting proves that they  
 have outworn their welcome. With the ex-  
 ample of North Dakota fresh in their minds  
 the taxpayers refused to make of Califor-  
 nia a tail for the nonpartisan kite.

The day of the quack doctor, in medicine  
 and public affairs, is passing. The people  
 are beginning to discriminate between pro-  
 fession and practice. The man who takes  
 one bottle of a widely advertised nostrum  
 and finds his condition worse in place of  
 better is not likely to purchase another of  
 the same kind. The taxpayers who have  
 already been stung by following the ad-  
 vice of Spreckels and Haynes, and there  
 are more than 1,000,000 of them in Califor-  
 nia, are now ready to vote against almost  
 any measure for which these two appear  
 as the chief sponsors. People soon cease  
 to follow the admonitions of those who are  
 continually giving bad advice.

And Spreckels and Haynes are charac-  
 teristic public quacks. The quack always  
 prepares a long list of real or imaginary  
 ills and seeks first to convince the gullible  
 that he is afflicted with one of or all of  
 them. When those two start to campaign  
 for something they always try to convince  
 the electorate that it is being plundered  
 by a bogus special interest. They tell the  
 gullible that they are slaves who must unite  
 to break their chains. It conditions were  
 one-tenth as bad in California as they pic-  
 ture them to be progress would be impos-  
 sible. Yet, under the very conditions that  
 they decry, California is forging ahead  
 faster than any other American common-  
 wealth.

Both are rated as millionaires. Yet the  
 projects in which they attempt to interest  
 the public are largely promoted on other  
 people's money. They have heretofore  
 led a coterie of faddists and dreamers who  
 made heavy personal contributions to fur-  
 ther the Spreckels and Haynes projects.  
 But many of their followers are about bled  
 white. They are like those who follow the  
 race, generally a long ways behind.

Men who have made a success of promot-  
 ing legitimate enterprises were unanimous  
 in the opinion that the \$500,000,000 water-  
 and-power project, if once launched, would  
 prove another Mississippi bubble; that  
 hundreds of millions would be squandered  
 without achieving a single one of the de-  
 sired results. And the much-alive electo-  
 rate of California preferred their advice to  
 that of Spreckels, Haynes et al. Even the  
 name of William Mulholland and his re-  
 cord of achievement failed to materially  
 bolster up their scheme. They exploited  
 him outrageously, to his injury and with-  
 out benefit to themselves. Knowing the  
 conditions under which he is working, sur-  
 rounded by incapable people who think  
 themselves capable, the public discount-  
 ed the endorsement wrung from him, prob-  
 ably against his own better judgment, and  
 gave to the Spreckels-Haynes folly the repud-  
 iation it so justly deserved.

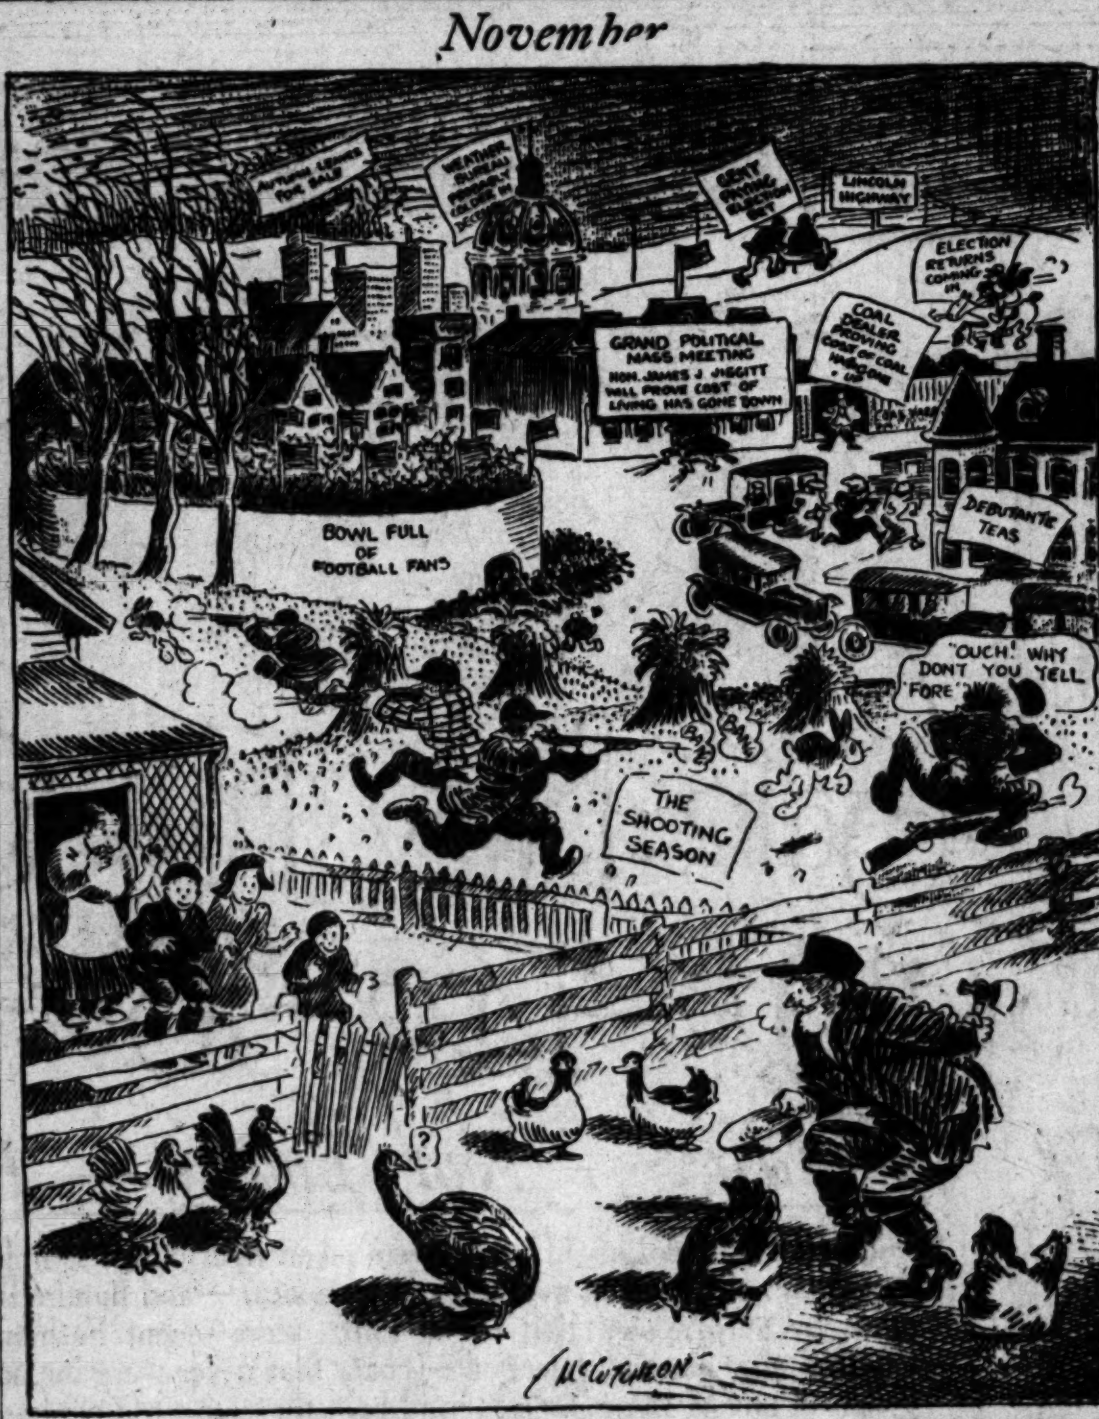

**THE NATIONAL ELECTIONS**  
 Of-year elections are traditionally dis-  
 appointing to the party in power; and Tues-  
 day's election was no exception to this well-  
 established rule. Both houses of Congress  
 will be Republican, according to incomplete  
 returns, but with reduced majorities. Many  
 familiar faces will be missing when the  
 1935 Congressional session opens; but the  
 losses of the notables are fairly distributed  
 between the two leading parties.

These off-year elections are seldom de-  
 cided on partisan issues. When the Presi-  
 dency is not at stake, local quarrels and  
 petty disputes occupy the attention of the  
 electorate. To appreciate this one has but  
 to reflect that Senator Hitchcock, Demo-  
 crat, of Nebraska, who led the fight in the  
 Senate for the ratification of the League  
 of Nations covenant without reservations,  
 was defeated for reelection, while Senator  
 Lodge, the embittered personal and politi-  
 cal enemy of President Wilson, narrowly  
 escaped defeat in Massachusetts.

In New Jersey the election hinged on  
 the "wet" and "dry" issue; and former Gov.  
 Edwards, who makes a parade of this op-  
 position to the Eighteenth Amendment, has  
 defeated a Republican opponent who  
 espoused the cause of the dry.  
 Few Republican tears will be shed over  
 the loss of Senatorial seat in Maryland.  
 Senator France, although running on the  
 Republican ticket, is known both as an ex-  
 treme radical and a "bitter-end." He was  
 allied with Johnson, Borah and La Fol-  
 lette in his opposition to the four-power  
 treaties. Republicans of Maryland refused  
 to support a candidate who used the party  
 name as a mask for this nationalism. His  
 opponent is a conservative, and will vote  
 with the present administration, except on  
 strictly partisan measures.

Republicans of North Dakota joined with  
 the Democrats to defeat a Republican Sen-  
 atorial candidate who captured the nomina-  
 tion by reason of the direct primary. He is a  
 member of the notorious Nonpartisan  
 League, and his defeat was in reality a de-  
 feat of radicalism.

Ex-Senator Beveridge, a former Progres-  
 sive lately returned to the Republican fold,  
 went down to defeat in Indiana. By de-  
 feating Senator New in the primaries the  
 Republicans of Indiana lost the Senator-  
 ship. Mr. Beveridge led the revolt in the

### PROJANS DEPART TONIGHT FOR PALO ALTO TO TAKE ON STANFORD

#### The Rabbit Himself

A Glimpse of the Main Cog in the Olympic Club's Offense

Jimmy Bradshaw, former star quarterback of the University of Nevada eleven, who now does his stuff for the Winged "O" grid creation, is shown above waiting for the ball so he can start out on one of his long runs for which he is so famous. When any team plays against Bradshaw all of the members frequently shout, "Watch Bradshaw." Jimmy will show his wares to Southern California football fans when the Olympic Club tangles with the Multnomah Athletic Club squad at the new Tournament of Roses Stadium on Armistice Day.

#### SUGARMAN-ST. GEORGE IN A DRAW

Lads Put Up Fine Scrap at Newsboys' Boxing Carnival; Mushy Whips Dugan

BY ED O'MALLEY

The three-round clash between Joe St. George and Udda Sugarmann last night at the newsboys' boxing carnival, was one of the fastest and most gripping seen hereabouts in some time. The lads were at it from the first bell to the last, and the crowd was on its feet every second of the journey. In the last round Joe shot two beauty lefts to the nose, unhooking much claret and shook his man up considerably. But Sugarmann's last round was a rather evened matter. So thought the judges and Referee Artie Reynolds.

The first half of the double main event brought Kid Mushy and Eddie Dugan together. Mushy's guilelessness rather puzzled his opponent, who suffered the Kid to take the aggressive at all times. Mushy pulled up points against his man in the first two rounds and then cut loose in the finale with a volley of rights and lefts that soon had Eddie in distress. In the last round, the Kid caught Dugan a stinging left to the nose for a sharp and quick juice promoter and from then on to the song it was all the Kid's.

#### BEZDEK SWINGS GOOD HINT AUTO SHOW AN AFFAIR OF CLASS

Penn Coach Suggests Forming Eastern Conference; Sure it Will Improve Grid Game

BY HUGO BEZDEK, Penn State Coach

Many theories have been advanced as to how the game of football can be improved. These have ranged from demands that the system of scoring be changed to wild suggestions that the shape of the field be altered. However, in all the mass that has been heaped upon the heads of the rules committee, I think that one splendid idea has been overlooked—the formation of an eastern conference.

Most of the faults to be found in football today are not connected with the actual playing of the game on the gridiron. They are what I shall term as outside influences, such as the tramp athlete, and the variation of eligibility rules. The greater part of this trouble is in the East where there is no conference. In the Middle West, the Far West, the South, and, in fact, wherever the conference system has been used, these unpleasant features have been practically eliminated and the general welfare of the game has greatly increased.

#### AUTO SHOW AN AFFAIR OF CLASS

Big Exhibition Will Open Its Vest Tents Next Saturday Afternoon

Preparations are being rushed along on the big auto show which opens Saturday. Manager Burt Roberts, keeping seven crews of workers busy engaged on the decorations and the wiring at the four big tents out at Prager Park where the big exhibition is going to be staged.

Word received by prominent local distributors from all California points serves to emphasize the fact that the automobile show this year will draw a larger attendance from out of town points than any previous exhibit ever held in this city. Local hotel men also back up this claim by asserting that the advance reservations made for the coming week of the show exceed any week for months past. All of which is a healthy indication of the growing importance of the Los Angeles Automobile Show as a trade show and the increasing importance of that the motor car distributors of this city play in the automobile industry.

#### RAIN HAMPER KERR'S OUTFIT

Work of Cards Retarded by Steady Downpour

Standfordites Determined to be Fit Saturday

Palo Altoans Plan Big Fight Against Trojans

(EXCLUSIVE DISPATCH.) STANFORD UNIVERSITY, Nov. 8.—Great blankets of gloom and rain have settled over the Stanford campus. J. Pluvius has directed a concentrated attack upon the several thousand acres of University grounds, including the stadium and secret practice fields, and though the weather man has great hopes of a bright and shiny Saturday afternoon greeting for Gus Henderson's Trojans, it looks as if Coach Kerr's squad in the meantime is in for a standstill week, as it is impossible to build a football team in mud and water.

The downpour has actually been so heavy that the players mistake the raindrops for footballs, and the confusion of a grid squad under such circumstances can well be imagined.

**FIT AND READY**

However, the Stanford mentor has not let up a bit on work, and the Cardinals will be as fit Saturday as it is possible to make them. The whole aggregation is determined that the Stanford exhibition Saturday shall be one of "guts" from start to close, and the U.S.C. men will have to live up to all the fine things which have been said of them.

Standford figures that the Trojans are counting on a substantial victory. Gus Henderson has never estimated his eleven within twenty-one points of its true strength. The reports from the same Gus department say the Stanford-U.S.C. battle is an even break. Ergo, U.S.C. must figure to win by some touch-down. At least this is the way boys at Palo Alto look on things, and a comparison of the teams seems to be about this angle to a great degree. As the lines of the two organizations appear from past showings, Stanford seems to have the edge. Her ends, Lawson and Nantz, stand well beside Probin and Boice or Milton. The tackles, Shipke and Johnson of the Cards, have improved with every game, and are on a par with Anderson and Cummings. The Stanford Faville, should show a bit better than Hawkins and Calland, particularly when the power of the Cards reserves is considered. Houck, Douglas, Ludeke and Phoney are about equal to the first two Stanfordites named. At center, De Groot must be given a lead over Lindley.

**HEAVIER LINEMEN**

In weight the Palo Alto linemen have a slight advantage, but the

#### LIGHTWEIGHTS TANGLE TODAY

Three Games Are Scheduled for Fifth Round

Pasadena is Doped to Win City Championship

Manual and Jefferson Meet Today in Feature

(EXCLUSIVE DISPATCH.) PASADENA, Nov. 8.—The lightweights of the City League have been putting up as good games as their big brothers, and every contest so far has been chuck full of fight and thrills. City League midweight squads will swing into action today with four more games. Today's games are the fifth round, but one more round remains until the close of the season.

Pasadena High's Bullpups, last year's title winners, have won all three of their games so far this year and it begins to appear as if they are in for another championship. Manual Arts' "Baker," who has showed the Bullpups their stuff the last two seasons, is the main reason for the Crocker City squad's success and he has won a name for himself as a grid mentor. Mark Kelly, colored line-man on the Pasadena eleven, is the outstanding star on the team. Pasadena meets the Whittier High lightweights at Pasadena tomorrow.

In the other games, Manual Arts' babes clash with the Jefferson son sockers at the Democrat field, Hollywood High's lightweights and the Lincoln passers will meet on the latter eleven's field and Coach Haney's "undefeated, victorious" midweights hook up with the Franklin "hokies" at Franklin.

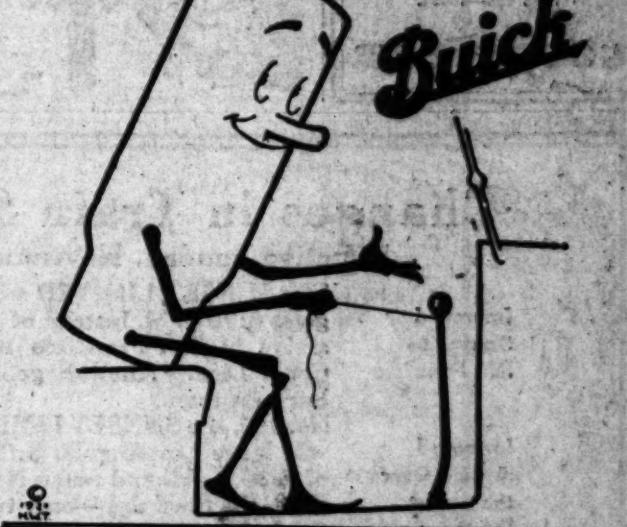

The Manual-Jeff game should be the best of the day as both elevens are evenly matched. Also, there is an intense rivalry between the two schools because of the Tollers' defeat at the hands of Jefferson last year. Hollywood and Lincoln should also put up a good scrap. Both the Franklin and the Poly squads claim they will break into the victory class today, neither team having won a league game to date.

**TOURNAMENT FOR LOCALS**

To date more than 150 entries have been signed for a big tournament to be played at the Western Avenue Golf Club. The date of the first matches has not as yet been announced, but it is assumed that when the event does come off it will be a real affair. Handicaps (trophy) have been secured to give to those who end up on top in the various classes.

#### Adelicate silken thread

can shift gears on the new Buick

Gear shifting on the new Buick is so easy that a slender silk thread tied to the gear shift lever is strong enough to pull the gear shift lever from second speed to high speed.

The marvelous Buick Velvet Disc Clutch makes driving a real joy. It has taken the annoyance and trouble of grating, rasping gears and stiff, harsh clutches from motoring. The combination of the patented disc clutch and patented Buick transmission makes this possible.

You cannot get this combination in any other car but a Buick.

## Premier Amateur Boxers to Perform in Mercury Ring

## OH, BOY, SOME BOUTS TONIGHT!

Hard-Hitting Gobs to Show Their Real Stuff

Jenkinson to Demonstrate Still Has Punch

George Blake, the matchmaker for the Mercury Ring, has obtained the services of four millionaires, while the best boys of L.A.A.C. have been placed on the program.

One of the big and many features of the card will be the presence of Charley Jenkinson, who was one of the most popular and hardest hitting welterweights that ever represented the Athletic Club.

Jenkinson has just returned from an eastern trip and is now getting himself ready for the next national amateur boxing tournament.

It will be remembered that he won the national amateur welterweight title two years ago and he is anxious to repeat this achievement when the next big tourney takes place.

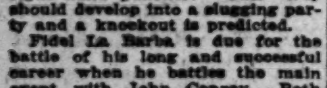

Sailor Liston will oppose Jenkinson. The former has a dandy reputation and is being counted on by his mates to stop the former champ.

Jenkinson will be in the ring with the avowed intention of proving that he has not lost his well-known knockout wallop and a great battle is expected.

Russell Reardon, the boy who gave Joe Scholcher such a tough scrap recently, will again grace the card. This time he will take on a giant by the name of Jewett and who is said to be a wicked right hand puncher.

This fray should develop into a slugging party and a knockout is predicted.

Fidel La Barba is due for the battle of his life and successful career when he battles the main event with John Conroy. Both

## EXPECT HUGE THROG AT POMONA CONTEST

POMONA, Nov. 9.—A crowd of 5000 is expected to attend the Citrus Belt League game Friday afternoon on the local high school field, when San Bernardino and Pomona high schools clash for the championship of the league.

Since their defeat of Chaffey a week ago by a score of 6-0, Pomona has suffered from a degree of overconfidence according to Coach Van Cleave of the Cardinals and he is much worried that this attitude may cost his men the championship. However, Pomona will put up the scrap of the season and whoever wins will have a chance at the Southern California championship.

The Pomona Cardinals are expected to win the game, but San Bernardino is expected to put up a good fight.

The game will be held at 7:30 p. m. and the Pomona Cardinals are expected to win the game, but San Bernardino is expected to put up a good fight.

## WOMEN IN LAST ROUND OF PLAY

Mrs. J. L. Dunn, Mrs. P. S. Noon in Feature Battle

California Country Club to be Scene of Fray

Do Not Expect Rain to Stop Matches Today

One of the greatest golfing frays ever seen in Southern California is scheduled for this afternoon at the California Country Club when the final round of play in the women's invitational tournament

which is being played over the California course is held.

Mrs. J. L. Dunn defeated Mrs. P. S. Noon yesterday in the feature game of the day. Mrs. Noon is a stranger from Chicago who has been showing all kinds of class in the tourney, and although Mrs. Dunn is a fine player she simply was outclassed yesterday.

The playing was nothing short of sensational and Mrs. Noon may be attributed to the fact that the course was very treacherous, being muddy nearly all the way. The final score in the match was 6 and 5.

The second final showed up a number of good players. Mrs. A. T. Trabue defeated Mrs. E. H. Ward in one of the most bitterly contested battles which has been seen in the tourney. The final score was 1 up on the twenty-third hole.

Both women played wonderful golf and the scores were very high considering the conditions of the course.

Results of yesterday's play follow:

First final: Mrs. J. L. Dunn defeated Mrs. P. S. Noon by 6 and 5.

Second final: Mrs. A. T. Trabue defeated Mrs. E. H. Ward by 1 up on the twenty-third hole.

Third final: Mrs. J. L. Dunn defeated Mrs. P. S. Noon by 6 and 5.

Fourth final: Mrs. A. T. Trabue defeated Mrs. E. H. Ward by 1 up on the twenty-third hole.

Fifth final: Mrs. J. L. Dunn defeated Mrs. P. S. Noon by 6 and 5.

Sixth final: Mrs. A. T. Trabue defeated Mrs. E. H. Ward by 1 up on the twenty-third hole.

Seventh final: Mrs. J. L. Dunn defeated Mrs. P. S. Noon by 6 and 5.

Eighth final: Mrs. A. T. Trabue defeated Mrs. E. H. Ward by 1 up on the twenty-third hole.

Ninth final: Mrs. J. L. Dunn defeated Mrs. P. S. Noon by 6 and 5.

Tenth final: Mrs. A. T. Trabue defeated Mrs. E. H. Ward by 1 up on the twenty-third hole.

Eleventh final: Mrs. J. L. Dunn defeated Mrs. P. S. Noon by 6 and 5.

Twelfth final: Mrs. A. T. Trabue defeated Mrs. E. H. Ward by 1 up on the twenty-third hole.

Thirteenth final: Mrs. J. L. Dunn defeated Mrs. P. S. Noon by 6 and 5.

Fourteenth final: Mrs. A. T. Trabue defeated Mrs. E. H. Ward by 1 up on the twenty-third hole.

Fifteenth final: Mrs. J. L. Dunn defeated Mrs. P. S. Noon by 6 and 5.

Sixteenth final: Mrs. A. T. Trabue defeated Mrs. E. H. Ward by 1 up on the twenty-third hole.

Seventeenth final: Mrs. J. L. Dunn defeated Mrs. P. S. Noon by 6 and 5.

Eighteenth final: Mrs. A. T. Trabue defeated Mrs. E. H. Ward by 1 up on the twenty-third hole.

Nineteenth final: Mrs. J. L. Dunn defeated Mrs. P. S. Noon by 6 and 5.

Twentieth final: Mrs. A. T. Trabue defeated Mrs. E. H. Ward by 1 up on the twenty-third hole.

Twenty-first final: Mrs. J. L. Dunn defeated Mrs. P. S. Noon by 6 and 5.

Twenty-second final: Mrs. A. T. Trabue defeated Mrs. E. H. Ward by 1 up on the twenty-third hole.

Twenty-third final: Mrs. J. L. Dunn defeated Mrs. P. S. Noon by 6 and 5.

Twenty-fourth final: Mrs. A. T. Trabue defeated Mrs. E. H. Ward by 1 up on the twenty-third hole.

Twenty-fifth final: Mrs. J. L. Dunn defeated Mrs. P. S. Noon by 6 and 5.

Twenty-sixth final: Mrs. A. T. Trabue defeated Mrs. E. H. Ward by 1 up on the twenty-third hole.

Twenty-seventh final: Mrs. J. L. Dunn defeated Mrs. P. S. Noon by 6 and 5.

Twenty-eighth final: Mrs. A. T. Trabue defeated Mrs. E. H. Ward by 1 up on the twenty-third hole.

Twenty-ninth final: Mrs. J. L. Dunn defeated Mrs. P. S. Noon by 6 and 5.

Thirtieth final: Mrs. A. T. Trabue defeated Mrs. E. H. Ward by 1 up on the twenty-third hole.

Thirty-first final: Mrs. J. L. Dunn defeated Mrs. P. S. Noon by 6 and 5.

Thirty-second final: Mrs. A. T. Trabue defeated Mrs. E. H. Ward by 1 up on the twenty-third hole.

Thirty-third final: Mrs. J. L. Dunn defeated Mrs. P. S. Noon by 6 and 5.

Thirty-fourth final: Mrs. A. T. Trabue defeated Mrs. E. H. Ward by 1 up on the twenty-third hole.

Thirty-fifth final: Mrs. J. L. Dunn defeated Mrs. P. S. Noon by 6 and 5.

Thirty-sixth final: Mrs. A. T. Trabue defeated Mrs. E. H. Ward by 1 up on the twenty-third hole.

Thirty-seventh final: Mrs. J. L. Dunn defeated Mrs. P. S. Noon by 6 and 5.

Thirty-eighth final: Mrs. A. T. Trabue defeated Mrs. E. H. Ward by 1 up on the twenty-third hole.

## "R" SLOOPS TO RACE SATURDAY

The "R" sloops will snap into it with characteristic vim down at the harbor, Saturday and Sunday afternoons, and there is every prospect of great racing and a fine show, especially for spectators on Point Fermin. Fast, classy boats will participate, handled by experts, and there will be real sport.

J. M. Langton of this city recently purchased and brought down from San Francisco the speedy Machree—too late to enter any of the local races. This time she will be flying against the California and Angela of the California Yacht Club in stirring contests, for which prizes will be put up. All the craft will get good workouts. The Machree, recognized as one of the swiftest northern boats, still carries the old sail instead of the masthead, but likely will be converted. The change is dependent on the outcome of these races. Mr. Langton will sail her, Paul Jeffers the Angela, and Ben Weston the California.

The starting point will be off the Miner Fill outer harbor, and the course thence beyond the breakwater, around the Point Fermin buoy and return, to be covered twice. This means a ten-mile race each day, starting at 3 p. m.

**NO IMMIGRATION PLAN**  
Official Refutes Suggestion San Diego Has Been Named Headquarters

San Diego, Nov. 8.—(AP)—The suggestion that San Diego has been named headquarters for the immigration of aliens from the various countries of the world, is a perfect fiction, according to the official statement of the United States immigration station at San Pedro, which was under a contract of agreement with the government and the city authorities, and there was perfect understanding between the parties as to the terms of such occupancy. He recognized the importance of Los Angeles as a port of entry, and entertained the belief that with the extension of the trans-Pacific trade that the city would grow as the landing-place of aliens from the various countries of the world. He fully appreciated the interest taken by the local Chamber of Commerce in the matter, and was sure that a proper settlement would be arrived at. But he insisted that neither the setting aside of a separate district nor the understanding that San Diego was to be headquarters had been determined. It is an open question, in the opinion of the commissioner, and both sides will be heard before a program is determined upon.

Mr. Hubbard had a warm word of commendation for Supervising Inspector Berkshire, in charge in El Paso, and A. W. Burnett, inspector in charge, in this city. Both had been modest public officers, he declared. Both doubt the advisability of the creation of the new district, he said, for reasons that have nothing to do with the ambition of Los Angeles to secure proper recognition at the hands of the immigration authorities in Washington.

**FILES BALM SUIT**  
Detroit Woman Avers Musician Promised to Wed

A \$10,000 breach of promise suit has been filed by Mrs. Laura Ravenholt, Detroit, Mich., against Theodore Hyvohalt, local musician. Mrs. Ravenholt charges that Hyvohalt promised to marry her while he was in Winnipeg, Can., on Feb. 27, 1920. At that time she was suing her husband for divorce and had not yet obtained her final decree. She was granted her divorce on May 24, 1920, and charges that the defendant at that time again renewed his promise to wed her.

However, when he came to Los Angeles he apparently changed his mind, she asserts, and now refuses to keep his pledge.

**CLARA PHILLIPS ENDS HER FIGHT**  
(Continued from First Page)

the prosecution are Miss McGarrell, Monroe Conley and A. G. Hoffman, court reporters; J. E. Lovins, George Bent, William A. Oliver, J. H. Harrington, J. M. Bailey, A. C. Patton, Joseph Schultz, Frances Wallis, M. C. Love, C. A. Bryant, Alice Berry, Laura D. Fisher, Elizabeth Barton and Fannie Lowe, County Jail attaches.

**BORESOME SESSION**  
The trial session yesterday was a baysome one. It seemed to bore Clara. The jury yawned. Spectators, nodding drowsily, left the courtroom in a continual stream. There was no packed hallway, no line of curious persons in the hall, struggling to gain admittance. Even the judge rested his head on his hand throughout the day and often set immobile, his eyes closed.

**DAY OF ALIENIST**  
It was the day of the alienist. All day long alienists for the defense occupied the witness chair and medical phrases, incomprehensible to the layman buzzed in the courtroom like the song of a sawmill.

Dr. Charles L. Allen, Dr. Edwin Hoag, Dr. E. B. Kern, and Dr. Edward Williams were the witnesses for the defense. Their testimony, suggesting a personality conducted through all the phases of epilepsy and back into the periods of Julius Caesar, Napoleon Bonaparte and Mahomet, occupied the entire day.

**DECLARE CLARA INSANE**  
All four alienists, hired by the defense for sums ranging from \$50 to \$100 per day, declared that Clara was insane. Dr. Williams was the last alienist on the stand. He had previously testified for the defense in at least half a dozen cases involving an insanity defense. In his opinion, Clara first entered her asserted epileptic seizure, at the time of the crime, at the moment she "first saw everything go black before her." And it did not end until after she awoke in the Baltimore Hotel.

Though the witness had stated that in his opinion Clara was insane at the time of the murder, he later told Dep. Dist. Atty. Fricks that epileptics were not always legally insane. He was asked if he thought Clara had told the truth when she testified she could not remember certain incidents relative to the crime—if it is possible for a person to forget disagreeable things and remember only the things beneficial to them.

**DRAGS IN FREED**  
"Freak maintain we can remember disagreeable things and not remember disagreeable things," he replied.

The prosecutor asked him if Henry Weaver was an epileptic merely because he had once torn off his own clothes.

"In the days when boys wore kiltie skirts a boy not wishing to wear kiltie skirts off his kiltie. Does that mean he was an epileptic?"

"Well—that happened on Blue Monday," responded Dr. Williams.

Dr. E. B. Kern was cross-examined by Dep. Dist. Atty. Burke.

**REASON FOR OPINION**  
"Just what was it in the hypothetical question that causes you to believe Clara Phillips's father was an epileptic?" the doctor was asked.

"From his vicious abuse of animals and persons without any excuse," was the reply.

"Would you say that anyone with a violent temper was an epileptic?"

"I would not."

Dep. Dist. Atty. Burke, after a lengthy tilt with the witness, learned that Dr. Kern had finally concluded to become a defense alienist two days prior to the reading in court of the much advertised hypothetical question.

**DEFENDANT FORGOTTEN**  
Napoleon Bonaparte, Julius Caesar and Mahomet pushed Clara out of the spotlight at the morning session. And Clara was utterly forgotten, while other weighty subjects, such as the mental subnormality of the entire Los Angeles population continued to butt into the court records.

At one time during the testimony of Dr. Charles L. Allen, an alienist for the defense, his answers agitated the sensibilities of the spectators. A chorus of snuffaws followed, and Superior Judge Houser ordered all the spectators from the courtroom.

Dr. Allen had an opinion that Clara was insane. Then the name of Napoleon was mentioned. Dep. Dist. Atty. Fricks asked the alienist if Napoleon was an epileptic, a victim of the same malady which Clara insists she is suffering from. Dr. Allen replied that the subject of Napoleon's epilepsy had always been a matter of dispute. And Julius Caesar and Mahomet were said to be epileptics.

Returning to the exhaustive hypothetical question, the alienist stated it contained nothing to indicate that Clara was suffering from good or bad. He had examined her two times, but without a history of her family he would hesitate to diagnose her case.

"But I got an impression she was mentally abnormal," he said.

The doctor testified that extreme brutality was not a common attribute of women, particularly a young attractive and delicate woman like Clara. And he was suspicious of ladies who smashed dishes for no reason at all. They're not right mentally, he said. Clara had played some trick, according to the testimony of Oia, her elder sister.

"What effect has epilepsy on a person in telling the truth, doctor?"

"Epileptics are awful liars!" he replied, hastily.

The main defense built up by Clara's attorney is that she is a victim of hereditary epilepsy.

Dep. Dist. Atty. Fricks then dealt upon the alienist's opinion of the broad scope of insanity; if the doctor had not testified in the Burch trial that half the people of Los Angeles were insane. The alienist replied he had testified that there were more insane persons in Los Angeles than in any other city.

The spectators laughed in chorus. It was then that Judge Houser ordered them all from the room. The trial for the remainder of the morning was conducted without an audience.

"Do you agree with Dr. Oster's opinion that all men over 40 years of age should be chloroformed?" asked Attorney Herington.

The prosecutor objected to the question and the court sustained the objection.

**Seeks Damages for Picture in Valentino Case**

Demanding \$155,000 in a civil suit, Ynes G. Bennett, wife of Rowland Bennett, and known on the screen as Ynes Gey, yesterday filed action against the Los Angeles Examiner, William R. Hearst, publisher, and Fred W. Eldridge, managing editor. Mrs. Bennett declares that a portrait of herself was used in that publication to illustrate a story published June 4, last, referring to her as Winifred Hudson. The latter is Mrs. Valentino No. 2.

As the result of this publicity Mrs. Bennett asserts she has not been able to secure work as a film actress owing to the censorship established in the film colony.

At the time the story and picture were published, the complaint says that Valentino, cinema actor, was under arrest in this county on the charge of bigamy and the story was extensively published throughout the United States.

The publication of her photograph under the circumstances, was, Mrs. Bennett says, "a trespass upon and direct violation of her right of privacy to said photograph."

Mrs. Bennett demands \$5000 for use of the photograph and \$150,000 damages as a result of the publicity. The attorneys in the case are Isidor Morris and Milton H. Silberberg.

**CHARITY WARNED BY COLLECTOR OF TAXES**

**ENTERTAINMENTS PLANNED MAY COME UNDER REVENUE LAW, BELIEF**

Collector Goodell yesterday sent out a circular cautioning religious, educational and charitable organizations regarding administration of tax liability attached to the usual series of benefit entertainments that are staged during the holiday season.

He points out that while many of these entertainments are tax-exempt, the mere fact that the organization giving the benefit performance is a purely charitable institution does not control the tax liability, for the character of the beneficiary must be taken into consideration.

Failure to make a report and pay admission tax involves a fine of \$1000. The collector advises all organizations that plan to give benefit entertainments to consult with the internal revenue officer regarding admission tax. The bill is in order that they may not, through misinterpretation of the revenue laws, lay themselves liable to the penalty.

**TO STUDY BUS PLAN**

Utilities Board Acts on Proposal for Service to Hollywood

A check of traffic conditions in order to determine the public necessity and convenience for the installation of new bus lines operating between the Hollywood and downtown districts will be started next Tuesday morning. The Board of Utilities' request for an appropriation of \$321 was granted by the Finance Committee yesterday afternoon, and H. Z. Osborne, Jr., chief engineer of the Board of Public Utilities, has completed arrangements to make the check.

**LIBRARY DIRECTORS PLANNING NEW HOME**

Plans for the construction of a new library building are being made by the board of directors of the Public Library. The new building is to occupy the Normal Hill property which was transferred to the Public Library by the city a couple of weeks ago.

The City Council yesterday received a communication from Everett R. Perry, secretary of the Public Library Board, expressing appreciation for the co-operation of the Council in arranging the transfer of the deed to the old Normal Hill lot.

**TRACK HEARING SET BY UTILITIES BOARD**

A hearing on the subject of re-laying the tracks of the Los Angeles Railway on Second street between Olive and Hill street was ordered for November 20 by the Board of Public Utilities at a meeting yesterday.

At the same meeting it was recommended that the City Council fix a "no parking" zone to cover a distance of eighty feet east and west of McCadden Place in Hollywood Boulevard. Such an ordinance becomes necessary in view of the traffic congestion resulting from the later crowds attending Grauman's Egyptian Theater.

**HELD ON DYER ACT CHARGE**

William Kofer, arrested yesterday at San Bernardino on the charge of violating the Dyer Act, will be arraigned before Commissioner Long this morning.

**Go When You Like**  
Southern Pacific Trains Run Daily Regardless of Conditions  
Several Trains a Day Reach Most Points

Here's a valuable phase of Southern Pacific service which you usually take for granted.

There are frequent trains for practically every point on Southern Pacific lines.

Most points are reached by several trains a day.

And Southern Pacific trains, in a remarkably high percentage of cases, take you through on time regardless of rain, fog, sleet or other unfavorable conditions.

**Courtesy First**

In addition, Southern Pacific trains mean comfortable travel and courteous, willing, efficient service.

Club, dining and observation cars are available on many trains.

And Southern Pacific men are "service men," whose actions are governed by your desires.

This is your service. Enjoy its comforts and profit by its efficiency.

**Southern Pacific**

## Activities and Interests of Women, in and Outside of Homes.

CARRIE BOND  
HONOR GUESTComposer to be Speaker at  
Ebell Club MeetingMargaret Sturges Discusses  
Photographic WorkNoted Mural Painter Talks  
on Quest of Beauty

BY MYRA NYE

Carrie Jacobs Bond will be the guest of honor and speaker today at the luncheon of the literary interpretation department, Ebell Club, with Miss Frederica de Laguna as toastmistress and curatrix.

Yesterday a woman known throughout continental Europe for her artistic photographs told of her work at the distinguished luncheon at the Ebell Club.

Mrs. Margaret Sturges of Switzerland, who has recently come to Hollywood where she runs a studio, told of her work.

"I had long been interested in photography," said Mrs. Sturges. "But it was not until I was called to Berlin to act as instructor in picture taking to the Empress of Germany that my photographs attracted any attention. The Empress was going to Siberia and she desired to take types among noblemen and the peasants as well."

When Mrs. Sturges has covered her associations with the Empress she was immediately called to London where she made pictures of Lady Astor, Lady Acton, Lady St. Germain and Lady Grace of Westmoreland. In Italy she took likenesses of Countess Nera de Sphand and Marguerite Casati, in Spain all of the royal family appeared before her lens; and in France the princess and princesses of the Bourbon.

"I take pictures not to appear in the papers but to appear in the eyes of the subject," said Mrs. Sturges. "I see her without too many lines, I bring out the color I see by suggestion, certain tones suggesting blue and others making you think of yellow for instance. Then I try to make character speak in the strength and beauty in proportion as it has strength and beauty."

Miss Elsworth Gurney, international famous as a mural painter, was the other speaker of the luncheon. She is a native of the United States and has spent her life in the Richardson Memorial Library in St. Louis. She has other mural paintings in the Boston Library, Congressional Library in Washington, United States custom house, State Capitol in Des Moines and Memorial Hall at Andrew Carnegie of Pittsburgh was decorated also by this artist.

"Beauty and the love of it are as real as the multiplication table," said the artist. "I know to make it a part of our lives is a quest. In fact all art is a quest. We make it our own by thought, by trained observation, by giving time to the ripening of our thought concerning the intimate loveliness of fresh things. They are a part of our being. There is a wonderful hereditary beauty that the ages have fashioned. It belongs to all of us and we need not delve into books of art to discover it for ourselves."

The day was filled with the presentation of art and beauty for the members of the club. In the morning A. Burlington Johnson gave a talk on "Chinese Ceramic Art" and showed a series of the wonderful collection of Chinese beauty in lacquer, vases and bronzes.

Miss Elizabeth Bingham, art critic, interpreted for the large audience the pictures of Guy Rose that were hanging on the walls of the auditorium, and Mrs. George W. McCoy, curator of the department, presided.

College Women Menace

The American women are a greater menace to the world than Turkish women and that clubwomen and college women are the

greatest menace of all was the rather alarming statement of Judge Frank S. Forbes, who addressed the Wednesday Morning Club yesterday on "The Dangers of Higher Civilization."

The judge did not argue that there should be no progress toward a higher civilization. Neither did he indicate that women should not join clubs. Quite the contrary, it was a proposition with him of the role of responsibility increasing according to the opportunity.

"Turkish women are of a low order of civilization, therefore, they are negative," said the judge and at this point he gave his warning when he said: "Civilization is a danger that cannot be avoided. It is a part of progress. It is inevitable and I see no remedy, because it is now a woman's duty to take part in the government of her country."

"Men also are to blame, for the more educated they become the less time they devote to rearing families. Thus with women and men both sidetracked from family life to a greater degree than ever before, the result will be the Anglo-Saxon race. The pure Anglo-Saxons are having too few children."

Judge Forbes suggested that the clubwomen devote more of their attention to public schools to see that no Bolshevik was taught and more time to the immigrant children since they are to be the leading Americans of the future.

Harvard graduates have less than two children apiece on average and a review of the situation among college women shows even a lower average. The Harvard graduate has less than seven-tenths of a son on an average and the Vassar graduate one-half of a daughter.

quoting from statistics, and he added that at the present rate of reproduction 1000 graduates of today will have only fifty descendants 200 years hence, while recent immigrants, continuing to have

large families, will count 100,000 as against the fifty of Harvard men.

L. Paul Zahn, a member of the club, augmented the program with two groups of songs, and Mrs. S. B. Welton presided.

Los Angeles Union W.C.T.U. will meet this afternoon at 2 p.m. in the First Christian Church. A class of boys from Strickland Home will compete for a silver medal.

Woman's Alliance

"International Relations" will be the subject of an address by Mrs. Seward Simons before the Woman's Alliance luncheon today at the Unitarian Church.

Parent-Teacher Association

A large representation met recently at the John Muir Junior High School and organized a new Parent-Teacher Association. Mrs. C. M. McRoberts, president of the Los Angeles Federation, presided, assisted by Mrs. J. Faber, extension chairman.

The officers for the coming year were elected and are as follows: Mrs. F. H. Nickerson, president; Mrs. J. E. Foster, first vice-president; Miss Katherine Carey, second vice-president; Mrs. H. Horner, recording secretary; Miss Elizabeth Miller, treasurer.

The association has several projects in view, including the completion and furnishing of a new auditorium and establishing a school community center. Residents of the community, or in child welfare are urged to become members of the association.

ACTRESS ATTEMPTS TO END HER LIFE

By a "Times" Staff Correspondent  
LONG BEACH, Nov. 8.—Word of the attempt of Mrs. Jacqueline Llewellyn, pretty local actress, to end her life in San Francisco was received today by the police here.

The dispatch stated that she had tried to shoot herself in the heart. She left for San Francisco last month to fill a vaudeville engagement. At the same time, her husband departed for Mexico. She has no relatives here, but friends declare she was inclined to be melancholy and slept with an automatic pistol under her pillow.

After a honeymoon in the north, she returned to her home in the south.

She is a popular member of the Delta Omega and Mu Delta chapters of the Delta Gamma and Phi Kappa Phi fraternities. She has served overseas two years with the Rainbow Division, is a Xi Phi Phi and a graduate of the U.S.C. school of dentistry. He is the son of Mrs. Alice J. Girdlestone, widow of the late C. H. Girdlestone.

## SOCIETY

Is the Lissner's Guest

Mrs. Bailey, wife of Hon. James O. Bailey, in charge of American hosts in Norway, arrived on Monday to visit for a month or so with her sister, Mrs. Henry Lissner at the Lissner residence in South Oxford street. Mrs. Bailey is known in society circles here, having been a previous visitor when she elaborately feted.

Mrs. Lissner will divide her time with Mrs. Bailey and the activities of the Assistance League's gift shop, which is to be established at the Berkeley Square home of Mr. and Mrs. William Gibbs McAdoo on the first and second days of December. Mrs. Lissner is in charge of the affair.

Large Luncheon Given

Mrs. Lester E. Robinson and Mrs. Claire W. Tappan entertained a hundred guests yesterday at a gorgeously arranged luncheon at the Ambassador Hotel.

At Country Club

Miss Mary Okie is having a coterie of friends for luncheon and bridge at the Annandale Country Club today for Mrs. Harry Carlson of Denver. Mrs. Carlson is a young bride, and is the house guest of Mrs. Wilson of Beverly Hills. Miss Okie, whose parents live in South Pasadena, resided a few years ago in Denver, where she and Mrs. Carlson were close friends.

Mrs. Finlayson is Hostess

For Mrs. Frank Peard, who has returned from an extended trip abroad, Mrs. Frank Finlayson will have a luncheon and bridge party for twelve guests today at her home, 589 Grandway Place.

Gives Afternoon Tea

Mrs. J. Wells Smith is entertaining informally at tea this afternoon at her home, 3512 South Flower street, in company with the sister, Mrs. A. B. Luther of San Francisco, who is her house guest.

Box Parties Given

Mr. and Mrs. R. D. Shepherd will entertain with a box party this evening at the Trinity Auditorium. Their guests will include Mrs. Charles Jeffers, Miss Melie Adella Brown and Mr. and Mrs. William D. Smith.

Mr. and Mrs. Chester P. Hoag will also have a company of friends in one of the boxes there this evening.

Welcome Back Mrs. Burton

A score of close friends of Mrs. William W. Burton were guests at a delightful little tea given yesterday afternoon by Mrs. Samuel Burton at her home.

Mr. and Mrs. Gates Return

Mrs. and Mrs. Gates returned from a recent trip to the East for two weeks. They left their daughter, Miss Dorothy, at Walnut Hill preparatory school, near Boston.

Back From North

Mr. and Mrs. Albert E. Menke have returned from San Francisco and are at the Bryson Apartments and are at the Bryson Apartments and are at the Bryson Apartments.

Miss Goodridge is Married

A charming wedding Tuesday evening was that of Miss Mary Goodridge, daughter of Mr. and Mrs. Dean McCormack of St. Paul's Pro-Cathedral officiated.

The bride wore a white tulle and lace gown and carried a bouquet of lilies-of-the-valley, white roses and orchids. The bridesmaid, Mrs. Howard Guinn, wore a white gown and carried a bouquet of lilies-of-the-valley, white roses and orchids.

The bride is a popular member of the Delta Omega and Mu Delta chapters of the Delta Gamma and Phi Kappa Phi fraternities. She has served overseas two years with the Rainbow Division, is a Xi Phi Phi and a graduate of the U.S.C. school of dentistry. He is the son of Mrs. Alice J. Girdlestone, widow of the late C. H. Girdlestone.

After a honeymoon in the north, she returned to her home in the south.

## Gives Series of Dinners

Mr. and Mrs. W. T. Bretherton are entertaining with a series of bridge dinners at their home in De Longpre avenue. Two affairs have already been given at each of which were three tables of cards.

Marriage Announced

Mr. and Mrs. R. A. Raphael announce the marriage of their daughter Helen to Ralph Emmerson Kraum.

Of Interest Here

Of interest in Los Angeles is the announcement of the marriage of Miss Winifred McEvoy and Richard Forbes Lyon, which took place on October 20 at the St. Mary's rectory. The Los Angeles persons who were present were the bride's mother, Mrs. McEvoy, and the bridegroom's mother, Leonard Lyons, both of whom attended the ceremony. Mrs. McEvoy is the daughter of Mr. and Mrs. Leonard S. Lyon, and Mr. Forbes Lyon is the son of Mr. and Mrs. E. Lyon, the Rev. Monsignor McEvoy and the Rev. Dr. Vining, D.D., uncle of the bride.

The couple will make their home in Los Angeles.

## Stylishly Clad Woman Aids in Hotel Robbery

By a "Times" Staff Correspondent  
SANTA MONICA, Nov. 8.—Police of the Santa Monica Bay district are seeking a man and a stylishly clad woman accomplices who, they today, robbed the Merritt Jones Hotel at Ocean Park and the Waldorf Hotel at Venice.

At 1 a.m. the man asked the night clerk of the Merritt Jones Hotel to show him a room. The clerk was alone on duty. The man decided the accommodations would not suffice, and left. The clerk discovered that while he was engaged with the prospective tenant some one had taken \$25 from the cash register and \$100 from the safe. The man was seen to enter the hotel at the time a woman asked to look at the rooms. Only a few dollars were taken at the Waldorf.

Smearing Food on Wife's Face is Cruel Act

If a young man washes his girl's face with snow, that's fun. If he smears food on her face, that's cruel.

Mrs. Anna H. Dobson may never have had her face washed with snow, but she had the other experience with her husband, Ward P. Dobson, an "atmosphere" man in the film, she revealed in Judge Sumner's court yesterday in her trial for divorce, and added other purported acts of cruelty. She was granted a divorce.

By an "atmosphere" man, she told the court, she meant an actor who filled in. She declared that her husband treated her "rough" when he could not find his shirt, struck her and knocked her down when she was in the sheets had not been changed on his bed.

He told him he would never have another opportunity to lay hands on me and I left him," she concluded.

WOMEN PLEAD GUILTY TO PETTY LARCENY

Pleading guilty to petty larceny charges, Mrs. Jennie Andrews and Mrs. Louise Andrews were ordered by Justice Frederickson to come up for sentence tomorrow afternoon.

Both were caught sniping early this week at Hamburgers' by operatives of the Retail Dry Goods Merchants' Association. The women gave 1180 East Broadway, Long Beach, as their home address.

KNOWS HIS WHALES

"I know a whale," Raymond McKee hadn't either until he went whaling with the Elmer Clifton expedition to provide thrills for the public in the desert. Now he says he knows more about whales than the whales do themselves.

GLENDORA MAKES BIG SHOWING AT ELECTION

GLENDORA, Nov. 8.—Glendora turned out en masse at the election yesterday. Out of a total registration of 1144, 876 electors voted the polls. In one precinct every voter who was registered exercised the right of franchise.

Richardson carried the city by a vote approximating five to one, Lineberger lacks a few votes of a two-to-one majority. Senator Johnson received a big majority, and for lack of proper care or because of inherited tendencies, there are our reformatories and our jails," he said.

"To switch this method of completely reorganizing the saving of money in two directions and, better still, it would help to save society from the burden of many perplexing problems."

"It costs less to maintain a normal child in a private home than in an institution," said Mr. Wyle. "On the other hand, it costs the public more—in State schools, reformatories and prisons—to maintain the problem-child in a home than in an institution, charitable or penal. In our orphan asylums, and institutions maintained by public subscriptions, there are experts who are capable of restoring the atypical child, when young, and making him fit for citizenship and good society."

"On the other hand, the normal child should have a home in which he can receive the affection, sympathy and personal care of which he has a right, yet which a

ART SHOW FRIDAY

Mexican Exhibit Will be Open for Two Weeks

An exhibition of native Mexican Arts will be held at 8 o'clock next Friday evening at 311 West Seventh street.

The exhibition, which was sent here by the Mexican government, will be under the direction of Xavier Guerrero and will be open to the public for two weeks. It contains 5000 pieces, including pottery, textile and leather work, wood-carving, jewelry, painting and a large number of wax and clay statuettes depicting Mexican rural life.

## Fashion Forecast

THE POPULAR LONG- WAISTED DRESS.

Fashion designers have done their best to keep the waistline long, and well they have succeeded for most of the new fall frocks exploit this feature. The frock illustrated would take about a day and a half to make and if a printed and plain silk were used, it would cost about \$6.00 figuring material at \$1.50 per yard. The new material and crepes of all kinds would adapt themselves very well to this style.

The pattern No. 1462 cuts in sizes 36, 38, 40, 42 and 44 inches bust measure. Size 36 requires 2 1/2 yards 36-inch dark material with 1 1/4 yards 36-inch lining material. Price 15c, stamps or coin (coin preferred).

1462

OUR FALL AND WINTER FASHION MAGAZINE is ready. Contains over 300 styles in addition to four pages of embroidery designs, three pages of styles worn by Movie Stars, and a six-lesson course in dress making. Price 70c per copy.

All orders will be handled by the branch offices in Chicago and New York. We have arranged to have order sent direct to the Chicago office. Unless otherwise specified all patterns are 15 cents each. No patterns are kept in the Los Angeles office of The Times. To get patterns send the price, in stamps or well-wrapped coin, and the number and size of the patterns desired to this address:

Wouldst Make 'Em Hop? Try Some Snakes

Believe the press agent, a snake charmer's life is not a happy one—or anybody else's, when the snake is loose.

Everything was ready in the snake-charming scene in William Desmond's "Around the World in Eighteen Days," and director Eason called for action.

The charmer piped his pipe, and the cameraman ground his camera—but no snake appeared from the little round jar in the foreground.

Curiously prompted the charmer to peer into the jar. Then he looked at Eason, with eloquent silence. That seemed to be a signal.

A sedate Arab jumped to his feet, shook the voluminous folds of his garment, and said: "There was another signal. Somebody else jumped to his feet, shook his garments and fled."

In ten seconds the street was deserted. One by one a few of the braver members of the company returned.

Friend snake was discovered peacefully curled among a pile of cushions where Laura La Plante, leading lady, had been seated a moment before. And then they took the scene.

## Better Butter for You

Start thinking about butter. It is one of the most important of foods. One enjoys the flavor of good butter, few realize how wholesome and satisfying it is. In cool weather it supplies heat and energy.

There is a wide difference in the quality of butter. You will realize the quality of Challenge butter from its creamy flavor. It remains sweet longer than ordinary butter.

Packed in quarters for your convenience, or in solid pounds if you prefer.

Challenge Cream & Butter

NEW PLANS FOR ORPHANS

Superintendent of Jewish Institution Finds Homes for Normal Children

A plan which promises to revolutionize the method of caring for orphan children, and which also will benefit the normal child, was announced yesterday by the superintendent of the Jewish Orphan Home of Los Angeles.

The principal purpose of the new department, under direction of Mr. Wyle and Miss Sarah Rubin, an expert in her special line of work, is to find private homes for the children who are brought to the institution but who, to use Mr. Wyle's words, "do not belong there."

"Theoretically the proposed scheme is generally accepted but it is seldom applied," said Mr. Wyle. "The Catholics and non-Catholics of the Christian faith are doing splendid work in this direction, and there is no reason why the Jewish people should not follow the same plan in its practical application."

According to Mr. Wyle, there are not more than 5 per cent of orphans in the average orphan asylum and in two-fifths of the cases, both parents of the inmate are living, although in a few cases, both parents are dead, and in some cases, incapable of caring for their offspring.

In short, most children are in these institutions because of poverty and poverty is no excuse for herding children together and depriving them of home life," said Mr. Wyle. "From now on, the slogan of our institution shall be 'Home for every child.'"

When a social worker or welfare society brings a child to our institution, we will make a study of the child's background and make a plan for his future. We will decide as to the applicant's status, physically, mentally and morally and an attempt will be made to find a good home for the normal child, whereas the subnormal and abnormal children will be retained in the institution.

Mr. Wyle, who formerly was superintendent of the Jewish Orphan Home of Los Angeles, said that institution is now considering turning the Rochester Home into an institution for atypical children.

Mr. Wyle said that institution is now considering turning the Rochester Home into an institution for atypical children.

# UNDERWRITERS

Many of Those Inquiring Regarding the Palos Verdes Underwriting Have Asked, WHO Are the Underwriters and Just What Does the "Underwriting" Mean?

Any large undertaking is first some one's idea. If the undertaking is one that involves a large capital investment, and one that must be presented to the public in some form and at some stage in order that it may be consummated in its final analysis, the plan is first presented usually to a syndicate or body of capitalists, who, for various reasons, advantages and profits, find the idea and plan feasible and sound. They then "underwrite" it. That is, they agree to guarantee to it the capital necessary to carry it to a point where it is sold to the public at the retail price. Thus a large bond issue will be "underwritten" by a group of bond houses or banks, or both, at a certain price, and these underwriters then retail the bond issue to the investing public in small amounts at an advanced price.

They are the wholesalers who take the bond issue in a lump at a price and resell in small amounts at a higher price.

In the Palos Verdes underwriting it is being presented DIRECT to the public in the place and those who subscribe the underwriting convertible and non-convertible are secured by the trust indenture thereby become the original "underwriters" or guarantors, who by their "underwriting" subscriptions guarantee that the necessary capital will be put up to carry out the undertaking as planned. For this underwriting guarantee they receive the entire net assets and profits, less only the fees that have been fixed in advance.

They "underwrite" or guarantee that the funds will, if necessary, be put up by each in the amount that he underwrites or subscribes, under a trust indenture or agreement with the Title Insurance and Trust Company as Trustee, which funds are to be applied by the trustee to the purchase and improvement of the Palos Verdes estate and forth in the trust indenture securing their money and providing for the liquidation of their advances.

Now, most of us have a limited power of vision or looking into the future and vision things that are to be. Those who can do this in a painting are called "artists" those who can do this with a statue are called "sculptors," while those who can do this in human events are called prophets or just fools.

Los Angeles was in the midst of a great famine and starving to death and an Ichabod composed of forty tons of solid porterhouse steaks were to come down the street, since he would be new and strange to most of us, we would probably run out of the city or dynamite him before we found out that he was good to eat and quite harmless.

Perhaps a few, through deeper study and with more initiative and courage, would realize that he was just solid porterhouse steaks, and step out from the crowd, place hands on him and tell the rest of the crowd that he was all right and we would realize him good steak and valuable, in which event the rest of the crowd would come forward and enjoy the benefit of him to their fill and advantage. The few who had so stepped forward and guaranteed him would be the "underwriters" or guarantors. If they had with their superior acumen and foresight first driven him inside a car, cut him up and then sold him as porterhouse steak at retail prices, they would be accordingly.

The Palos Verdes estates have been just where they are since the first Digger was the sole inhabitant of California, but of recent years hundreds of thousands of people have moved to Los Angeles and converted all this part of California from a desert of cactus and sand into the most beautiful and desirable part of these United States in which we live, but the Palos Verdes estates have remained just about the same for a thousand years ago, WITH THE EXCEPTION that through the movement of the hundreds of thousands of people who are being rapidly followed by many more hundreds of thousands and the building up here of great industries the Palos Verdes lands have become strategically the apex of the triangle of Greater Los Angeles and immensely valuable, because they present opportunities of making them the most beautiful and desirable part of Greater Los Angeles in which to live. Desirability as a place in which to live is the most important factor in real estate.

A plan has been formulated and is now being presented for so improving these great estates, strategically located, as to MAKE them the most beautiful and desirable place to live, in all Greater Los Angeles and doing this quickly, efficiently and economically under one great construction plan, with able experts in charge of its carrying

Improvements rightly made increase the value of such property, many hundred-fold more than the cost of making them.

What is required now is that a reasonable number of people with the vision to see things and the courage to take the initiative in making them come to pass, and the confidence that Los Angeles is going to continue to grow as it has been growing in the past, shall now step forward and "underwrite" or guarantee that the necessary capital to carry out these improvements and this plan will be supplied by them, each to the amount which he or she subscribes.

For their security, the title to the lands is to be vested in the Title Insurance and Trust Company, as Trustee for them. Then the improvements are to be made under the direction and supervision and management of the staff of experts who have been selected and named for that purpose.

Sometimes a great skyscraper building is built in some such way. The land is secured under option, the plans for the building drawn and then the floor space in the proposed building is leased in advance of beginning construction, and for long periods. With these leases, money is then borrowed to buy the land and put up the building.

The construction of the proposed improvements on the Palos Verdes estate will create a very great increment in the value of the lands as well as greatly increasing the value of the lands on all adjoining sides.

Under the Palos Verdes underwriting plan these increments in values will largely be profit to those underwriting or subscribing the capital to make the improvements.

Those who subscribe to the underwriting of the Palos Verdes project, a single hundred dollars, have exactly the same proportionate interest and are in exactly the same positions as regards the results and the security, as those who subscribe a million or more dollars.

Those who subscribe non-convertible notes are therefore the "underwriters" or guarantors who give this assurance and in consideration of giving it they are entitled to the entire net proceeds of the undertaking, less only the fees fixed.

The subscribers or "underwriters" become in effect the owners of the estates, with the Title Insurance and Trust Company as their trustee, holding the title to the estate in trust for their benefit, and with my expert staff and myself as the agents and managers.

Any one who questions the security, questions the future of Los Angeles and should go back where he came from, as he certainly is not a Los Angeleno.

There is really nothing mysterious about this Palos Verdes undertaking. It is simply a matter of cold calculation on the growth of this remarkable city, just as were its aqueduct and harbor.

YOU have undoubtedly seen many remarkable opportunities for real estate investment in Greater Los Angeles pass you, which, had you taken advantage of them, would have assured you a competency. We believe that no sounder, probably more profitable and fairer opportunity has ever been presented to you than these Non-convertible Trust Indenture notes of the Palos Verdes Project. Certainly no finer development has ever been undertaken in this or any other city.

The present subscription price of the Non-convertible notes is 102½, with fair notice that this subscription price will shortly be increased to 105½, then to 107½, then to 110 to equalize the underwriting.

Underwriting subscriptions may be paid at the rate of \$12.50 cash for each \$100 of Non-convertible notes subscribed, and the balance in thirty-six equal monthly payments, with interest at 7% per annum, or in larger payments or all cash.

All subscription payments must be made to Title Insurance and Trust Company, Trustee, Los Angeles.

Call at our offices and see the great relief map showing the general plan of the improvements of the Estates, or phone us and we will send a representative to give you further information. If non-resident, drop us a line and we will mail you full information.

Only one of two things can happen to those subscribing the Palos Verdes underwriting: either their money will be returned and their subscription canceled by the trustee, or they become the equitable owners of the entire estate to be improved into one of the most beautiful and desirable residential sections of any city in the world. The subscribers of the convertible notes take their interests in the ownership of improved lands at once, while the net proceeds from the sale of the remaining lands and all other assets go to the non-convertible note subscribers until they have received 100%, and thereafter they get 90% of all net income from every source until the last asset is liquidated.

Never, so far as known, has the man or woman of moderate means had an opportunity to join in an original underwriter in such an undertaking on exactly the same footing as those of great wealth.

## ANS FOR ORPHANS

of Jewish Institution Proposes Homes for Normal Children

Proposals to revolutionize the methods of caring for normal children, and which also will operate to the benefit of the child, was announced yesterday by the Jewish Orphan Home of Southern California.

The "Home-Finding Department" in that institution cannot find even in the best of institutions, said Mr. W. H. Rubin, an official of the home.

Mr. Rubin is looking for a place for the children who are now in the home. He is particularly anxious to find a place for the children who are now in the home.

He is looking for a place for the children who are now in the home. He is particularly anxious to find a place for the children who are now in the home.

## TWO TRAFFIC VICTIMS

Two victims of recent traffic accidents died yesterday. The first was Mrs. Helen Merrill, aged 48, who died of injuries sustained in a collision with a car on the morning of Nov. 7.

The second victim was Mrs. E. E. Overholser, aged 55, who died of injuries sustained in a collision with a car on the morning of Nov. 8.

The deaths were announced by the coroner's office. The bodies of the two women were removed to the coroner's office for examination.

The coroner's office is now conducting an investigation into the causes of the accidents. The results of the investigation will be made known to the public as soon as they are available.

The coroner's office is now conducting an investigation into the causes of the accidents. The results of the investigation will be made known to the public as soon as they are available.

## MCLENDON OUT FUMIGATION STATION TO BE OPENED AT LONG BEACH

Suspended by City Council in Executive Session Charges of Three Klansmen Cause Dismissal

### Young Sergeant Appointed Successor

By a "Times" Staff Correspondent  
LONG BEACH, Nov. 8.—Chief of Police Ben W. McLendon was suspended today by City Manager Charles E. Hewes on charges of malicious persecution, following a morning executive session of the City Council.

The appointment of Sgt. William J. Dorey as Chief of Police, made late in the afternoon by City Manager Hewes, came as a complete surprise to everyone in the police department.

It was expected that the successor to McLendon would have been either Captain of Detectives Claude P. Robertson, Superintendent of Identification Fred H. Kutz or Captain G. E. Lewis.

Dorey is the junior of four sergeants and has been desk sergeant on No. 1 watch. He is an over-30-year veteran who served in France with a California regiment and has been a member of the police department here since the war.

The charges were made by three members of the Long Beach Ku Klux Klan, namely Clara Mitchell, Klaxia, James L. Butterfield and C. C. Cole, the latter two being former police chiefs of this city. The Klansmen on charges of creating a disturbance in a public meeting, a violation of the State Penal Code.

THREE MEN ARRAIGNED  
The defendants were arraigned before Justice W. B. Brayton and bail set at \$250 each. Their hearing was postponed today until November 14. McLendon said he arrested them in particular because they were prominent and as such easily identified.

City Manager Hewes said he thought McLendon was too heavy in making the arrests and that his suspension was intended to permit a thorough investigation. If the suspension is upheld, McLendon will retain his old rating as a detective. He has been a member of the Long Beach police department for eleven years.

City Manager Hewes has been under fire by opponents for several months. An election on a successful referendum petition for his recall will be held on November 23. The last official act of McLendon was to rescind the appointment of Special Policeman George Davis, head of the residential patrol.

Several months ago Davis shot and killed two burglars whom he suspected of robbing a jewelry store. He was believed to have caused lawbreakers to give his district a wide berth. In attempting to shoot a man whom he believed was stealing a pair of trousers from a store recently, Davis shot the man's wife, who was seated in an automobile with an instant death.

McLendon would not comment on the rescinding of the appointment except to say that it was "for the good of the service." Davis still holds an appointment as a special deputy sheriff, so it is believed his dismissal by McLendon would not interfere with his patrol duties.

## POLICE SEEK YOUNG MOTHER

(Continued from First Page)

home. He was injured in a saw mill and died shortly afterwards.

WORKED IN STORE  
She worked in a department store for a day or so, trimmed a "hat for a friend during her idle hours," she said. She tried breaking into motion pictures.

"I wish this thing like was all over," she said to tell the police. When she wasn't crying or trying to work, she dabbled in writing stories. One of her stories is "Forbidden Rights," which tells of a girl's fight for happiness.

A letter the girl received from her mother back in Santa Monica against a certain man "crossing her path." Police are wondering whether this man is a part of the "great sorrow."

Alice, we are all so very lonely, we are all so very lonely. "It seems so queer you insist on staying away out there among you might say, total strangers. Now, dear, if you haven't the means and will come home, I will send you a return-trip ticket."

## WANTED HER HOME

"We are so very anxious to have you here with us on Christmas. I will do anything for you. I know how and you are and don't think I don't care. No one knows better than I do how you are crushed. I am so sorry, dear child, you ever went out there."

## THREE MEN ARRAIGNED

The defendants were arraigned before Justice W. B. Brayton and bail set at \$250 each. Their hearing was postponed today until November 14. McLendon said he arrested them in particular because they were prominent and as such easily identified.

## SEVERAL MONTHS AGO DAVIS SHOT

Several months ago Davis shot and killed two burglars whom he suspected of robbing a jewelry store. He was believed to have caused lawbreakers to give his district a wide berth. In attempting to shoot a man whom he believed was stealing a pair of trousers from a store recently, Davis shot the man's wife, who was seated in an automobile with an instant death.

## McLendon would not comment

McLendon would not comment on the rescinding of the appointment except to say that it was "for the good of the service." Davis still holds an appointment as a special deputy sheriff, so it is believed his dismissal by McLendon would not interfere with his patrol duties.

## REUNION SATURDAY FOR MEN OF "FIRST"

There will be a reunion of former members of the First Division in the banquet-room of Jahnke's Cafe next Saturday night at 8 o'clock.

## THE MEN OF THE FIRST DIVISION

The men of the First Division were the first American troops to arrive in France and the last to leave. Their headquarters in this city is in room 213 of the California Building.

## EIGHT STRIKERS INDICTED

Failure to Charge Attempt to Violate Law Results in Temporary Delay Before Grand Jury

The failure of Hiram G. Todd, special assistant to Atty.-Gen. Daugherty, to incorporate the charge that the Santa Fe strikers at Needles, Cal., last August, intended to obstruct the passage of transcontinental trains over that line and prevent the transportation of the mails and passengers, as a result of the strike that had been ordered all along the line, resulted yesterday in Judge Elledge sustaining the demurrer interposed in behalf of six defendants who are to go on trial on the charge of conspiracy next Wednesday.

The question of intent to violate the law was stated by the court to be a vital charge and this had been omitted in the indictment pending against C. J. Fox, E. Arkauer, E. H. Reynolds, L. E. Woodbeck, R. F. Fraser and E. J. Molloy. The demurrer was argued by Judge Rush. Hugh L. Dickson, who represented R. H. Clements and John A. Reichlein, two of the strikers, did not enter a demurrer.

The weakness of the indictment was soon cured, for an amended instrument that would meet the objections of the court, was at once presented to the Federal grand jury, now in session, and an indictment, supposed to be airtight, was voted and presented to the court.

## FUMIGATION STATION TO BE OPENED AT LONG BEACH

(Continued from First Page)

Circuit Court has decided the land belongs to our company."

The question, which was adopted, was changed somewhat on request of one of the Councilmen and the Council decided to adopt the following resolution:

"Whereas, in view of the recent decision of the Circuit Court of appeals denying the condemnation suit of the Bureau of Power and Light, and whereas, it is reported that the Bureau has been spending about \$50,000 per month in developing this property for some months;

Resolved, that the Bureau of Power and Light be requested to furnish this Council with a detail of money expended, if any, in this development."

## Victory Queen Selected for Venice Fete

By a "Times" Staff Correspondent  
VENICE, Nov. 8.—With the selection of Miss Irma Berlin of 214 Grand Canal street as Queen of Victory today, plans of the local American Legion post are being rapidly completed for an elaborate three-day armistice celebration.

On Armistice Day, at 1 p.m., a special parade composed of the Navy personnel, World War veterans and local organizations will parade through the principal streets of Venice. Admiral R. H. Jackson of the Pacific Fleet, Principal E. W. Clark of the Venice High School, Mayor Garey and other prominent citizens will occupy a place in the reviewing stand.

On Friday afternoon Admiral Jackson and staff of the Texas and officers of the Oklahoma will visit the Louise B. Mayer moving-picture studio under the personal invitation of Fred Niblo, the director. On Armistice Night the midnight vaudeville show will be staged by the veterans at the Neptune Theater for the benefit of the Legion Clubhouse funds.

## CORNERSTONE LAYING DATE SET BY MASONS

Setting Saturday, the 18th inst., as the tentative date for the laying of the cornerstone of their new lodge building, Torraine Masons yesterday sent an invitation to William A. Sherman of San Francisco, State Grand Master, to be present for the ceremony. Hundreds of Masons from Los Angeles, Long Beach and cities in the immediate vicinity of Torraine will be present.

The lodge building is to be of an Elizabethan design, three stories high, constructed of brick and faced with specially selected art brick.

If Sherman is unable to be present for the laying of the cornerstone, Sherman Burke, Past Grand Master, may represent him. The building is to be finished by February.

## SON OF POSTMASTER ACCUSED FORGER

John B. Tomlinson, whose father is postmaster at Butler, Ark., appeared before United States Commissioner Long yesterday on the charge of forging several postoffice money orders, and securing the money on them. His bond was fixed at \$5000.

Tomlinson admits, according to postal officials, he forged the money orders before United States Commissioner Long yesterday on the charge of forging several postoffice money orders, and securing the money on them. His bond was fixed at \$5000.

## SCHOOLGIRLS ARE MISSING

The strange disappearance of two Hollywood schoolgirls who were last seen on Tuesday riding over Cahuenga Pass on horseback, was reported yesterday to the police.

The girls, Pearl Gibbs, 13 years old, 603 Rosemont avenue, and Marguerite Mitchell, 14 years old, 2421 Vienna Drive, left their homes together on Tuesday morning and went to the Smith Stables at 1224 Cahuenga avenue, where they hired three horses. They were last seen riding over Cahuenga Pass, one of the girls leading the third horse, which was saddled.

## Whiz of Plane Drowns Church Choir's Songs

By a "Times" Staff Correspondent  
SANTA MONICA, Nov. 8.—The drone and splutter of an airplane motor may be music to the ears of some, but the Rev. W. H. Cornett, pastor of the First Presbyterian Church here, admits that it is a poor accompaniment for a cantata solo.

And his decision is based upon observance of the last few Sabbaths, when airplanes soaring aloft during church services distributing literature, or "just flying," made the church choir sound as if it were badly out of harmony.

An appeal has been made to city authorities, on the ground that the act constitutes a violation of the law which prohibits disturbance of public meetings for worship. An appeal was also made to the police to prohibit flying of an airplane over the church grounds.

It is now improved with a two-story frame by January 1. The site of the new structure has a frontage of fifty-one feet on both Main and Spring streets, with a total of 120 feet on Eighth street.

## DEFAULTS IN ASSAULT CASE

When Harry Flemming, former Huntington Park fireman, failed to appear yesterday against Arthur Farrell in Justice Caffery's court at Huntington Park, the case against Farrell of assault with intent to kill was dismissed.

Farrell is charged with having shot at Flemming on August 18, asserting that Flemming had insulted his wife. Defense Atty. F. P. Brown's motion for dismissal on Flemming's nonappearance was not opposed by Deputy Dist. Atty. Heinicke.

## BICYCLIST DIES

Youth Succumbs to Injuries Received From Truck

Injuries received Tuesday, when he was knocked from his bicycle by a truck, caused the death yesterday of Jack Glasco, 23 years old, 4414 Towne avenue, at the Golden Gate Hotel.

The accident occurred at Molino and Palmolive avenues. The truck was driven by W. B. Corlies, 1233 Damon street. Glasco's body was removed to the Pierce & Rowe undertaking parlors. An inquest will be held.

## COLLECTOR IS ARRESTED

Alexander Babchuck, collector for the Al Beck Candy Company, was arrested at 400 Al Street late yesterday by Detective Sergeants Caplan and Cahill on suspicion of embezzlement. He is accused of being \$300 short in his accounts.

## MORONICALLY NORMAL

BY ALMA WHITTAKER

Just how normal are we, sisters? The question is rather disturbing—after the weighty profundities of expert alienists and gentlemanly philosophers on the subject of female murderers.

For instance, Dr. Hoag testified that he believes Clara Phillips is insane "because her mentality seemed to vary at times." So, alas, does mine. Also she was bright enough to know, in reply to penetrating leading questions, that Detroit was in Michigan because she had written to friends there, but all she was prepared to concede about the population of Los Angeles was that she was sure it was more than 10,000.

Now strictly entre nous, I will confess that only this week I had to look up what State Clinician was in. And I had lived in Los Angeles six months before I realized that it had a population of 250,000. (Oh, that was fifteen years ago.) In fact, I recall very clearly having written home something to the effect that it was "a curious little Western town in which evening dress clothes were worn as early as 10 o'clock."

Then again, this same expert alienist says that "I would suspect any person having frequent outbreaks of temper or temperament as being epileptic."

WHAT A LIST!  
Which immediately places the senior Senator from California, at least one candidate for governor, numerous pastors, musicians, artists, writers and actors, to say nothing of automobilists and pedestrians under grave suspicion.

And, alas, in the face of the persistent attention of certain ardent propagandists intent upon converting me, I have discovered awful tendencies to "outbursts" in my own nice normal disposition.

And even editors, whom I serve devotionally, I am wont to regard as the quintessence of superior mentality, are not entirely strangers to this disconcerting "outburst" tendency.

Yes, I have even seen—and heard—an expert alienist himself under what seemed to be quite mild provocation, become as normally moronically as myself.

It is this, then, true of the species, how many of us, dear sisters, quiver within the borders of that dread condition known as epileptic—spontaneously normal morons?

Then again we have Milton Sills who says that "Moralistic mental tests would reveal that the woman murderer is almost invariably a moron."

I wonder, Clark Smith Hamon was a clever business woman. Peggy Deal was a college girl. Mrs. Pete knew exactly how many beans make five. Mrs. Southwood was most refined. Even Clara Phillips killed a man for her. Nic Maybelle Roe was reasonably well educated. And Madalyn Obenchain, whose guilt, of course, is still in doubt, is a perfect lady.

MEASURE UP WELL  
In fact, sisters, most of them measure up pretty well with you.

## OFFICE BUILDING PLANNED

Height Limit Structure Will be Erected at Eighth and Spring Streets, Realtor Announces

Plans for the erection of an important addition to the rapidly growing financial district, a height limit Class A office and loft building at the northeast corner of Eighth and Spring streets, with reinforced construction throughout, and will contain the most modern equipment, including elevators and an up-to-date heating plant. It will be designed with a frame occupancy of financial houses on account of its proximity to the financial district. The Lane Mortgage Building at Commercial street corner of Eighth and Spring streets, opposite the site of the new structure, is nearing completion, and will constitute an important addition to the financial district.

About ten months will be required to complete the new building, which, it is expected, will be opened about November 1, next.

The site, bought from the Ferguson Corporation by the Ferguson family for many years, is now improved with a two-story frame by January 1. The site of the new structure has a frontage of fifty-one feet on both Main and Spring streets, with a total of 120 feet on Eighth street.

## DISABLED VETERANS DANCE TOMORROW

The local post of the Disabled Veterans of the World War will stage its third annual armistice eve ball tomorrow night at the Golden-Beeley ballroom, where the public is invited to join in the reunion of the veterans who were wounded in France.

Proceeds from the ball are to go toward paying off the mortgage on the Disabled Veterans' clubhouse, and many individuals and clubs have taken blocks of tickets to assist the cause.

## POLICE PUZZLED

Suspect in Check Deals Fails to Answer Visual Description  
Detectives yesterday were trying to untangle a badly involved tangle centering about a man who says he is R. T. Earhart of Visalia, who was arrested here yesterday on telegraphic advice from that city stating that he is a fugitive from justice.

Earhart says he is 34 years old. He weighs in the neighborhood of 150 pounds and stands about six feet with his shoes off. He declares he comes from Visalia.

However, the telegram from the Sheriff of that city, describing the asserted fugitive as being 35 years old, weighing 135 pounds, and being five feet seven inches tall.

Earhart, who is a prominent real estate operator at Visalia, is wanted for passing several worthless checks.
